

Voters' Pamphlet

Oregon Primary Election
May 19, 2026

Official Publication

This is your official 2026 Primary Election Voters' Pamphlet. It is meant to help you cast your vote by mail ballot. Ballots will be mailed to registered voters beginning April 29.

Included in this pamphlet are election deadlines, voter registration information, your rights as an Oregon voter, candidate statements, and measure information.

Dear Oregon Voters,

Two hundred fifty years ago, 13 American colonies fought for the right to choose their own leaders. Since then, we have worked to build a nation where “liberty and justice for all” is more than just an ideal by expanding the freedom to vote to all citizens. Every time we brought more citizens into the process, our country moved one step closer to that vision of a more perfect union. When you cast your ballot, you honor this great American legacy. It affirms your right to decide our shared future and hold your government accountable. **Your vote is your power as an Oregonian and an American. Thank you for using it.**

Voting in Oregon is secure and easy. Here's how to make sure your vote gets counted:

- Fill out your ballot correctly: read instructions carefully and fully fill in your choice.
- Sign your ballot envelope: your signature should match the one you used to register to vote or at the DMV.
- Return your ballot on time: mail it, or even better, use a secure drop box (oregonvotes.gov/dropbox). You can also vote in person at your county clerk's office. Ballots must be postmarked by 8 PM on May 19, 2026.

NEW FOR 2026: Due to delays at USPS, if you haven't mailed your ballot at least 7 days before Election Day, use a drop box or go directly to a post office and ask for a postmark before you place it in a collection box.

- Track your ballot: see when it's sent to you and received by your county clerk at oregonvotes.gov/myvote.

And once you've cast your ballot, you can trust the system that counts it. Oregon elections are among the most secure and transparent in the nation. Voter rolls are updated daily. Vote-tallying machines are certified, locked down, and never connected to the internet. Counties publicly test tally systems before and after every election. Each ballot has a unique identifier, and every signature is verified. If there's ever a question about voter intent, trained reviewers from different political parties must agree on the result. And after the election, ballots are preserved and audited by counties. That's what accountability looks like, and it's built into every step of our process.

If you ever have questions about Oregon elections, rely on trusted sources:
the Secretary of State's office (oregonvotes.gov) or your county clerk (oregonvotes.gov/counties).

This year, your voice matters more than ever. Stand up for the Oregon and the America you believe in. Honor the generations who fought for this right. Make your plan to vote. Cast your ballot. And use your power.

Sincerely,

Tobias Read
Oregon Secretary of State

Voters' Pamphlet Translations Making Voting Accessible

ORS 251.026, ORS 251.167, ORS 251.170, ORS 251.173 & ORS 251.315

In 2021, the Oregon Legislature passed the Voter Language Access Bill (HB 3021) requiring the Secretary of State to translate portions of state and county voters' pamphlets into Oregon's most spoken languages. The law seeks to remove barriers to voting for those who are not fully proficient in English.

To help in this effort, the Translation Advisory Council was created. The Council is made up of volunteer community members who represent the ethnic, linguistic, and cultural diversity of Oregon voters. Council members make sure professional translations are accurate and retain the original tone and meaning in a culturally appropriate manner.

Selected portions of the State Voters' Pamphlet are available in Arabic, Simplified & Traditional Chinese characters, Farsi, French, German, Hmong, Japanese, Khmer, Korean, Marshallese, Nepali, Russian, Somali, Spanish, Tagalog, Thai, Ukrainian, and Vietnamese. These translations can be found online at OregonVotes.gov/voterspamphlet

For Multnomah County residents, this is a joint voters’ pamphlet. County Voters’ Pamphlet starts after page 48

To save on mailing and production costs, a county that prepares a voters’ pamphlet may insert the pamphlet into the center of the state voters’ pamphlet for distribution. It includes information about candidates and measures from local governments located within the county.

It is against the law to:

- sign a ballot return envelope other than your own
- vote more than once in an election or cast a fraudulent ballot
- vote a ballot if you are not legally qualified to do so
- unduly influence another voter to vote in a particular manner
- sell, offer to sell, purchase, or offer to purchase another voter's ballot
- obstruct an entrance of a building in which a voting booth or official ballot drop site is located
- deface, remove, alter, or destroy another voter's ballot, a posted election notice, or election equipment or supplies
- attempt to collect voted ballots within 100 feet of an official ballot drop site
- establish a dropsite without displaying a sign stating "Not An Official Ballot Drop Site"

This list is not exhaustive. Any violations of Oregon election laws or rules are subject to civil and/or criminal penalties.

For more information about voting in Oregon or if you think your rights as a voter have been violated, please contact the Secretary of State at:

Dates to Remember

→ **Tuesday, April 28**

Last day to register to vote or to change political party affiliation for this election.

→ **Wednesday, April 29**

First day for counties to mail ballots.

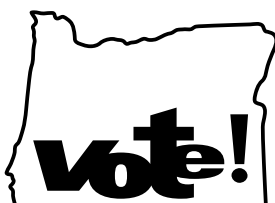

→ **Tuesday, May 19**

Election Day

Last day to return your ballot.

If you mail your ballot it must have a USPS postmark by 8 pm on Election Day. Or return your ballot to an official drop box by 8 pm on Election Day.

oregonvotes.gov/myvote

Use this online tool to check or update your registration status and track your ballot.

Where do I vote?

In Oregon, we vote by mail. You can vote from anywhere you choose.

If you're registered to vote by **April 28**, your ballot will be mailed between **April 29** and **May 5**. Your county elections office will mail it to the address in your voter registration record.

If you don't receive your ballot by **May 8**, call your county elections office.

What if I've moved?

Ballots cannot be forwarded. To receive your ballot, update your voter registration information at oregonvotes.gov/myvote.

If Election Day is less than 5 days away, call your county elections office for instructions on how to get your ballot.

How can I get my ballot early?

If you will be away from your home on Election Day, update your voter registration information at oregonvotes.gov/myvote. To request an absentee ballot, enter your absentee mailing address and how long you will be there.

Is the voters' pamphlet translated into other languages?

Yes. Portions of the voters' pamphlet are available online in:

Arabic, Simplified and Traditional Chinese characters, Farsi, French, German, lu Mien, Japanese, Khmer, Korean, Marshallese, Nepali, Russian, Somali, Spanish, Tagalog, Thai, Ukrainian, and Vietnamese.

You can find these translations online at: oregonvotes.gov/voterspamphlet.

Why don't I get to vote for major party candidates?

Oregon's primaries are closed. You must be a member of one of Oregon's two major parties, the Democratic or Republican party, to nominate that party's candidates to the General Election.

If your ballot does not include major party candidates, it means you're not registered to vote as a member of a major party.

Minor party and candidates not affiliated with a political party will appear on the General Election ballot in November, along with the major parties' nominees.

You will be able to vote for any candidate on your ballot at the General Election in November.

How do I complete my ballot?

Your ballot packet will include instructions on how to complete and return your ballot. [Follow the instructions!](#)

What if my ballot is damaged?

If your ballot is lost, destroyed, or damaged in a way that stops you from voting, call your county elections office and ask for a replacement ballot.

Do I have to vote on everything?

No. Your ballot will still be counted, even if you don't vote for every contest or measure on it.

Can I change how I voted?

If you have mailed or dropped off your ballot, your vote cannot be changed. If you still have your ballot, follow the instructions that were sent with your ballot.

How do I return my ballot?

You can return your ballot by mail, no stamp needed. If you mail your ballot, it must have a USPS postmark dated on or before 8 pm on May 19.

Or return your ballot to any county elections office or official drop box. You can find the nearest drop box, along with a map of how to get there, at oregonvotes.gov/dropbox or by contacting your county elections office.

County elections offices are open on Election Day from 7 am to 8 pm.

Is the secrecy sleeve required?

No. If you received a secrecy sleeve, you don't have to use it unless you want to.

If you didn't receive a secrecy sleeve, your county is one of the many that have incorporated additional security features approved by the Secretary of State's Office into the ballot return envelope and therefore no longer need the sleeve.

Do I have to sign my ballot return envelope?

Yes. Your signature is a security measure used to verify your identity. You're the only person who can sign your ballot return envelope. Power of Attorney documents do not apply to voting.

If you cannot sign your name, contact your county elections office for more information.

Your ballot is only counted if the signature on the ballot return envelope matches signatures in your voter registration record.

If your signature does not match or you forget to sign the envelope, the county will notify you. You will have until 21 days after the election to prove you were the one who signed the envelope.

If my name is on the ballot return envelope, is my vote really secret?

Yes. After signature verification, your ballot is separated from the ballot return envelope before it is unfolded and counted.

Can I track my ballot?

As a registered voter, you may view updated ballot information at oregonvotes.gov/myvote. You can see when a ballot is sent, received, or if it was returned as undeliverable.

When will election results be known?

Initial results will be released beginning at **8 pm, May 19** and will continue to be updated through election night and the days following.

Between election night and the date the election results are certified, the unofficial results reported on oregonvotes.gov will change as vote counting continues.

Results are not final until the election is certified and the official abstract of votes is published. Final certified results will be available 37 days after the election.

Do I need a provisional ballot?

If your eligibility to vote can't be determined you have the right to request a provisional ballot.

To obtain a provisional ballot, go to your county elections office in person and fill out a Provisional Ballot Request Form.

Your provisional ballot will only be counted if you are determined to be eligible to vote.

How do I file a complaint?

If you believe Oregon election law has been violated, and are an Oregon registered voter, you can ask the Elections Division to investigate. Anonymous requests will not be investigated.

You can find more information and submit a complaint for Elections Division investigation at sos.oregon.gov/investigation.

Know Your Rights

Your rights as an Oregon Voter include:

- the right to **access official ballot boxes and election offices** without interference
- the right to **keep your vote private**
- the right to **vote without intimidation or threats**

Voter Intimidation may include:

- **Aggressive or harassing questions** about whether you are qualified to vote intended to interfere with your right to vote, scare you into voting a certain way or to intimidate you from voting, such as questions about your citizenship status, criminal record, residency, other personal information, or questions about how you intend to vote.
- **False or misleading statements or accusations** about voter fraud or related criminal penalties, designed to frighten you away from voting.
- **Verbal or physical threats** – express or implied – meant to stop you from voting or to force you to vote for a particular candidate or measure.
- **Purposefully obstructing or interfering** with your ability to vote.
- **Targeted surveillance** of specific voters or groups of voters, such as following or tracking voters, copying license plates, taking videos or photos, etc., with the intent to dissuade or obstruct them from voting.

Voters with Disabilities

For more detailed information on accessible voting contact **your county elections office.**

What are the different ways I can vote?

→ **Accessible format ballot**

You mark this ballot using a computer with assistive technology, print and return it. You may also use the accessible tablets or computer stations located in every county elections office.

→ **Large print ballot**

→ **Ask for help**

Who can help me vote my ballot?

→ **Anyone except your employer or union**

You can get help from a friend, family member or other trusted person. Under Oregon law you cannot receive help from your employer or union.

→ **County Voting Assistance Team**

You do not have to ask for help from someone you know. County Voting Assistance Teams are available to help you vote your ballot privately and independently.

What if I cannot sign my ballot return envelope?

→ **You may use a signature stamp or other indicator as your signature**

You must complete a signature stamp attestation form along with a voter registration card before using the stamp or mark to sign your ballot envelope.

What other accessible resources are available?

→ **Statewide Voters' Pamphlet**

Available in digital audio or accessible text at oregonvotes.gov.

Know Your Rights

You have the right to **Vote!**

If you are a US citizen, live in Oregon, are 18 years old, and have registered to vote.

- **You have the right** to a secret vote. You do not have to tell anyone how you voted.
- **You have the right** to get a “provisional ballot”, even if you are told you are not registered to vote.
- **You have the right** to get a new ballot if you make a mistake.
- **You have the right** to vote for the person you want. You can write in someone else’s name if you don’t like the choices on your ballot.
- **You have the right** to vote “yes” or “no” on any issue on your ballot.
- **You have the right** to leave some choices blank on your ballot. The choices you do mark will still count.
- **You have the right** to use a voting system for all Federal Elections that makes it equally possible for people with disabilities to vote privately and independently.
- **You have the right** to know if your ballot, including a “provisional ballot”, was accepted for counting.
- **You have the right** to file a complaint if you think your voting rights have been denied.
- **You have the right** to vote or cast your ballot if you are in line by 8 pm on Election Day.
- **You have the right** to know if you are registered to vote.
- **You have the right** to choose whether or not you want to register as a member of a political party.
- **You have the right** to use a signature stamp or other mark but first you have to fill out a form. No one can sign for you.
- **You have the right** to ask for help from elections staff or from a friend or family member. There are some people who cannot help you vote, for example, your employer or union.
- **You have the right** to vote if you are houseless.
- **You have the right** to vote if you have been convicted of a felony but have been released from custody, even if you are on probation or parole.
- **You have the right** to vote if you have a guardian and if you need help reading or filling out your ballot.

Candidates

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of the candidates will appear on the ballot.

The alphabet for the **2026 Primary Election** is:

G, A, K, I, O, B, C, H, D, V, M, N, P, L, J, X, Z, S, R, E, W, F, Q, Y, U, T

Candidate statements included in the pamphlet are separated by office type and position and are further arranged in the same random order in which the names of candidates will be printed on the ballot. In the Primary Election pamphlet, partisan candidates are further separated by political parties.

Statements are arranged in the following manner:

- Democratic candidates by position, in ballot order
- Republican candidates, by position, in ballot order
- nonpartisan candidates by position, in ballot order

Candidates pay a fee or submit signatures in lieu of paying the fee for space in the State Voters' Pamphlet. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

Duties and Responsibilities of Precinct Committeepersons

Precinct Committeepersons (PCPs) encourage voter registration, vote on official party business, elect county party leadership and nominate State Representatives or State Senators when there is a vacancy in one of those offices.

PCPs are only permitted for major political parties. The Democratic Party of Oregon and the Oregon Republican Party have both chosen to elect PCPs.

Each precinct is allotted a number of PCPs based on the count of registered voters in the precinct. Individuals can only file for (or serve in) one precinct at a time. However, PCP candidates can choose whether they want to file to serve in the precinct they live in or an adjoining precinct in the same county or a precinct that is in the same county and the same state representative district as the precinct the candidate resides in.

Measures

Measures are proposed changes to the Oregon Constitution or to state laws. For the measures in this Voters' Pamphlet, you will find the following information:

1. the ballot title
2. the estimate of financial impact;
3. the complete text of the proposed measure;
4. the explanatory statement; and
5. arguments filed by proponents and opponents of the measure.

Ballot Title

The ballot title is drafted by the Attorney General's office and distributed to interested parties for public comment. After review of any comments submitted, a ballot title is certified by the Attorney General's office. This certified ballot title can be appealed and may be changed by the Oregon Supreme Court.

Estimate of Financial Impact

A special committee of legislators drafted the Financial Impact Statement for Measure 120. Committee appointment pursuant to SB 1599 (2026).

Complete Text of the Measure

This provides you with the actual changes that will be made by the measures to the Oregon Constitution or to state laws.

Explanatory Statement

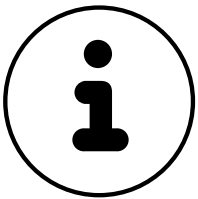

A special committee of legislators drafted the explanatory statement for Measure 120. Committee appointment pursuant to SB 1599 (2026).

Measure Arguments

Any person or organization may file arguments in favor of, or in opposition to a measure on the ballot by purchasing space for \$1,200 or by submitting a petition signed by 500 voters. Arguments in favor of a measure appear first, followed by arguments in opposition to the measure, and are printed in a random order within each category.

Disclaimer

Information provided in statements or arguments by a candidate, a political party, an assembly of electors, or a person supporting or opposing a measure have not been verified for accuracy by the State of Oregon.

Candidates are not required to file voters' pamphlet statements.

Statements and measure arguments are printed as submitted.

The Secretary of State does not fact check the information submitted by candidates and measure argument filers. Inaccurate or wrong information is not corrected.

US Senator

Jeff Merkley

Democrat

Occupation: U.S. Senator for Oregon

Occupational Background: Habitat for Humanity; National Security Analyst; Small Business Founder

Educational Background: David Douglas High School; B.A., Int'l Affairs; Masters in Public Policy

Prior Governmental Experience: State Representative; Oregon House Speaker

Jeff is the son of a union mechanic, attended public schools, was the first in his family to go to college, and lives in the same blue-collar neighborhood he grew up in.

Jeff's vision: "Families thrive, and the rich pay their fair share."

But the mega wealthy are making that vision harder to achieve. The people have the ballot box, but billionaires have lawyers and lobbyists, media campaigns, and unlimited secret campaign donations. And they have Trump, who is building a strong-man state with the mission of "families lose, billionaires win."

There has never been a more important moment to fight back.

End Trump's strongman state: No more ICE agents operating as secret police; no more operations at schools and warrantless home raids. Full accountability for every civil rights violation.

End political corruption: No more stock trading; no more exchanging government favors for investments in Trump's companies. The Supreme Court needs reform and a binding code of ethics.

Save our elections: Stop gerrymandering. Require paper ballots. End secret campaign funding. Expand vote-by-mail for all. Block Trump's election rigging.

Strengthen the foundations for families to thrive: Housing. Health care. Education. Good-paying jobs! Stop drug companies from price gouging. Ban hedge funds from buying single-family homes. Create affordable daycare and debt-free opportunities for trade school and college.

Meet the climate chaos challenge: Rapidly transition from dirty, expensive fossils to cheaper, cleaner, renewables.

Create opportunity across Oregon: Jeff holds a town hall in every county, every year and champions every corner of Oregon: rural broadband; clean water; and investments in mental health, schools, ports, transportation, agriculture, and mills.

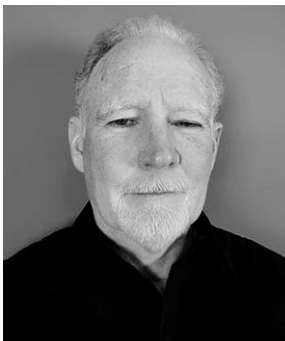

Endorsements: OR Labor Federation, AFL-CIO; Planned Parenthood Action Fund; Oregon League of Conservation Voters; and others.

Zionism is Racism.

The sectarian violence in Palestine won't end until the original crime is addressed. Not all Jews are Zionists, and incredibly, not all Zionists are Jews. (or Republican)

Since 2016, the Democrat Party has been collapsing.

Trump didn't win in 2016 or 2024. Democrats lost.

Hate mongering is no substitute for leadership. I'm a working-class independent voter. We need federal legislation to counter the consolidation of power, wealth and influence by corporate oligarchs. (corporate fascism)

Corporations don't have any civil rights. Corporations aren't persons.

Corporations are artificial entities, created by statute, not constitutional provision. Congress can regulate, limit and even abolish them at will. The bipartisan system fails when corporate syndicates "own" both parties.

A tariff is a sales tax that victimizes working-class families.

Tax corporate profiteering instead. Only those corporations that create and preserve jobs should be allowed to keep their profits.

Are Democrats defending or assaulting democracy?

In June of 2025, support for the Independent Party (IPO) passed the 5% voter registration threshold needed to create a primary election for independents. In July of 2025, bipartisan elections were preserved when governor Kotek signed HB3908-2025. Raising the threshold to 10%.

Meanwhile, HB3166-2025 would have replaced bipartisan elections with a "unified" primary election. All candidates and voters participate equally. Five candidates advance. It died in a Democrat controlled committee.

The "Lincoln Primary" is a "unified" tracking poll for the U.S. Presidential race. Lasting from February 1st through August 31st. All candidates and voters participate equally. Five candidates advance. (lincolnprimary.org)

Democrats reject free and equal elections. Voters reject Democrats.

Bipartisan elections force "voting for the lesser of two evils" and enable corporate fascism. By advancing just two candidates, "Top Two" primaries preserve bipartisan elections.

Why I am running for Congress

I believe Representative Bonamici has voted for fiscally irresponsible spending, including military aid to states with official religions (in violation of the Constitution). During her 14 years in congress, Representative Bonamici has failed to repeal laws, which allow the executive branch to trample on the rights of citizens. Some of my positions are below, while more details are at www.JamilAhmadForCongress.com.

Budget

During Representative Bonamici's tenure, the US Government's debt-to-GDP ratio has increased from 97% (Jan 2012) to 122% (Oct 2025). This level of deficit spending causes inflation and puts the US dollar and economy at risk.

Foreign military aid

Representative Bonamici has voted for over \$72 billion of military aid to states with official state religions, such as Israel, Egypt, and Jordan. I believe this is a violation of our Constitution's separation of church and state. I will vote against military aid to religious states and any (inflation adjusted) budget increase until our debt-to-GDP ratio returns to 96% or lower.

War against Iran

The President launched a war, which was illegal under international law and the US Constitution (Only Congress can declare war). I will vote against funding illegal wars.

Immigration

Congress should revise laws that unconstitutionally allow use of administrative warrants (8 USC §1226 and 8 USC §1357(a)(2)) and unconstitutionally allow the Secretary of State to unilaterally revoke visas (8 USC §1201(i)).

Environment

The Hillsboro Airport emits over 1000 pounds of lead per year due to the use of leaded aviation gas, while not offering an unleaded aviation gas option. Federal funding should be withheld from airports that offer leaded aviation gas but no unleaded alternative.

Democrat

Occupation: U.S. Representative

Occupational Background: Consumer Protection Attorney, Mom

Educational Background: Lane Community College, AS; University

Prior Governmental Experience: Oregon State Legislator; Federal Trade Commission

Suzanne Bonamici

Strong Leadership, Oregon Values

Suzanne worked her way through community college, university, and law school, so she knows what it's like to struggle to make ends meet. She worked at Legal Aid and as a consumer protection attorney. Volunteering in public schools inspired her to run for office; now she is fighting every day for a better future.

Defending Oregon Values:

- We face serious challenges as the authoritarian Trump administration attacks democracy, marginalized communities, and constitutional rights. Suzanne will never stop fighting for you in Oregon and in the halls of Congress.
- ICE is terrorizing communities and causing severe harm. Suzanne is leading legislation to end this abuse and will work to pass humane immigration reform.
- People need government to work for them, not for billionaires. The blatant corruption from the Trump administration is illegal and dangerous. Suzanne supports a ban on Congressional stock trading and meaningful campaign finance reform.

Fighting for a Better Future:

- We need an economy that works for everyone, but too many Oregonians are struggling. Costs are rising and inequality is rampant. Suzanne is working to lower prices, help Oregonians afford child care and housing, and close income gaps.
- Our health care system is broken. Suzanne supports Medicare for All, lowering skyrocketing premiums, and making prescription drugs affordable. She will always fight for access to abortion and contraception.
- Education is the best investment we can make. Suzanne is a champion for public education, apprenticeships, debt-free higher education, and career and technical education.
- Food stamps helped Suzanne get through college; now she's fighting to rollback Trump's reckless cuts to SNAP and Medicaid.

I grew up in a working-class family--with good public schools, reliable transit, union job, affordable housing and hard work--I was able to build a better life than my parents had. That is the American story we all deserve. The one I'm fighting to make possible for every Oregonian.

For over 20 years, my patients and my children have trusted me to listen and fight for them. In Congress, I've continued to do exactly that. In my 40+ town halls, I heard you want me to get things done--so I secured \$14M in federal funding for community-led projects, helped Oregonians recover millions they were owed by the federal government, fought to get fourteen neighbors released from ICE detention, and I am the first freshman House Democrat to pass a bill into law in this Congress!

I will continue fighting for:

- **Working families, not billionaires:** Good schools, union jobs, affordable housing and childcare. Every person should get to live in a safe and affordable community.
- **Healthcare for All:** High quality, accessible, comprehensive care that every person can afford. Keep politicians out of exam rooms and let science guide our care. Abortion, vaccinations and gender-affirming care are healthcare.
- **Justice:** Impeach Trump, dismantle ICE, release the Epstein files and get dark money out of politics.
- **Peace and a healthy planet:** No more wars. Increase foreign humanitarian aid. Rapidly expand pathways to legal immigration. Clean air and water. Hold data centers accountable for resource use. Invest in clean, cheap, renewable energy.
- **Democracy:** Protect voting rights, increase government accountability, end corruption, and defend our communities from authoritarian overreach.

A mom of four and small businesswoman, Congresswoman Janelle Bynum understands the challenges facing hard-working families in Oregon's 5th Congressional District. She has an accomplished track record of fighting for lower costs, good paying jobs, and quality schools.

In Washington, Janelle understands the serious threat Trump poses to our rights and democracy and she has been a leader in the fight against his overreach and corruption. She has proven to be a work horse, not a show horse, cutting through partisanship to deliver greater opportunities for Oregonians to get ahead.

Janelle is delivering on the issues that matter most for our families:

- **A "K-30" platform to ensure hard work translates to opportunity** – Janelle is fighting for young Americans through bipartisan efforts aimed at improving education, creating jobs, and lowering the cost of housing.
- **Fighting for affordability** – Janelle is focused on lowering costs, from groceries to housing to healthcare, and pushing back against the Trump administration's efforts to gut the Affordable Care Act.
- **Standing up to Trump and ICE** – Janelle has been clear that she will not tolerate a federal takeover of our communities. She has fearlessly called out the administration's lies and called out Donald Trump's version of ICE for what it is: a collection of goons who are rounding up people based on the color of their skin and kidnapping them off the streets.

FOR THE PEOPLE, NOT FOR PROFIT

I grew up in rural farmland, 30 minutes from the nearest grocery store. I'm an artist, a journalist, and a small business owner. I'm a working-class woman who put myself through college in the face of illness, full-time work, and the death of my mother.

Something is very wrong in our government; it is filled with leaders who prioritize their largest donors over the needs of their constituents. I will be the working-class representative who will do the work to set things right, even when others won't.

My policies will always benefit YOU, because I work for the people. That's why I'm rejecting money from corporate PACs and foreign lobbies, like AIPAC.

Help me fight back against a system that has forgotten a very important fact: the government works for The People.

HOW I'LL FIGHT FOR OREGONIANS

- Regulate Artificial Intelligence

While AI has important uses from medicine to automation, it also requires regulation to protect our privacy, our intellectual property, and our environment from the impact of data centers.

- Make America Affordable and Livable

The working class has been left to struggle while billionaires hoard wealth and resources. Americans deserve equal rights for all, including women, LGBTQIA+ and BIPOC communities. Americans also deserve the services that other developed nations get, like universal healthcare, free education, and fair taxes.

- Get Corruption Out of Government

We need to not only overturn Citizens United and get dark money out of elections, but also abolish ICE and fight for justice for everyone harmed by this administration.

- Protect Rural and Indigenous Communities

America's rural and Indigenous communities are often left to fend for themselves without adequate access to resources like medical care, high speed internet, public transportation, and more. Let's change that.

Educational Background:

Washington

Prior Governmental Experience: Oregon State Representative 2007-2022, Speaker of the House 2013-2022

Working for a Better Oregon

Tina started her career at Oregon Food Bank because she believes no one should go hungry. As Speaker of the House, she invested in Oregon's public schools, passed the nation's strongest abortion access law, put Oregon on a path to 100% clean electricity, and passed landmark laws to raise the minimum wage and guarantee paid sick leave and paid family leave.

Oregon faces huge challenges, from the rising cost of living to President Trump's attempts to threaten our communities and take away healthcare and food assistance.

Tina Stands Up to Trump to Protect Oregonians

- She resisted Trump's illegal attempt to deploy the Oregon National Guard on our streets.
- When Trump tried to take away SNAP benefits from Oregon families, she fought back and won, delivering food assistance to hard-working Oregonians.
- Tina supports enforcing the law, but Trump's ICE has gone too far, putting all of us in danger. Tina fights to protect Oregonians and keep our communities safe.

While Trump's tariff taxes raise prices, Tina is working to address the cost of living for Oregon families. Tina canceled proposed freeway tolls, called for a three-year pause on new local taxes in the Portland area, took action to lower utility bills, increased access to affordable childcare, and made prescription drugs more affordable.

There is a lot more work ahead. Tina is tireless, focused, and won't stop fighting for Oregon's future.

Occupational Background: Autumn's background reflects 20+ years of strategic operations and communications leadership, with a career spanning nonprofit and corporate sectors.

Educational Background: MSc Ethnobotany, University of Kent, Canterbury; MFA Creative Writing, Pacific University, Forest Grove; BA English, Portland State University, Portland.

Prior Governmental Experience: Community Advisory Committee member for Multnomah County's Homelessness Response System.

Practical leadership for safer schools, parks, and neighborhoods. Autumn is a working, single mother and renter in Northwest Portland. She's running to combine real safety with real compassion in places where others have failed – and she's done it before.

Real safety means keeping drugs, needles, and dealers away from schools and parks. It means that children, the elderly, the disabled, and addicts are protected from unsanitary conditions and predators.

Real compassion means helping our homeless neighbors and those with substance use disorders to improve their lives, not leaving them to die in the streets – which is what happened to almost 400 individuals in Portland last year because existing leadership abandoned them.

She's done it before: three years ago, Couch Park was dangerous. Children at the neighboring school were routinely threatened by intoxicated individuals and stepped over needles daily. Today, Couch Park is inviting and thriving due to the care of Friends of Couch Park, along with community partners, by setting standards of behavior that welcome all to the park, but do not tolerate antisocial behavior.

Autumn believes Oregon needs leadership that lives in and with the communities it serves, learning from successes (like Couch Park) and failures (like SB1573 dying in the Oregon Senate) to steer a steady, practical, and community-minded course.

Educational Background: George Washington University (MA), Portland State University (BA), Lake Oswego High School**Prior Governmental Experience:** State Senator, Lake Oswego School Board**Our State, Our Future**

Having grown up in Lake Oswego and raised my four kids here, the future of Oregon is personal for me. As your State Senator, I have prioritized the things that are most important to our community: education, workforce training, the environment, health care, public safety, housing and quality of life.

Defending our Environment

I strongly support defending our environment and natural resources as we face the reality of a changing climate. That's why I'm proud to have passed new, permanent ongoing funding for conservation and made sure data centers pay their fair share of energy costs.

Access to Health Care

Protecting reproductive freedom in Oregon will continue to be a priority for me. When Republicans in Congress singled out Planned Parenthood for cuts to preventive health care services like screenings, we responded and made sure those services will still have funding.

Investing in Oregon

We've balanced the budget while protecting funding for health care, K-12 and higher education, and public safety. Additionally, we've made strategic investments in every corner of Oregon to boost economic development.

Pushing Back on Federal Overreach

Supporting our immigrant and refugee neighbors is as important now as ever. That's why I've been strongly supportive of new laws that will make a real impact in ensuring the Constitutional rights of all Oregonians are protected.

For more than twenty years, I've worked alongside East Portland and Clackamas County communities as an organizer, advocate, nonprofit leader, and now as your State Senator. I bring that experience to the legislature, delivering real results and expanding opportunity across Oregon.

Delivering Results for Our Community

- Invested millions in district housing and economic development initiatives
- Expanded access to free and low-cost childcare
- Fought to lower energy costs for Oregon families
- Protected our immigrant and refugee neighbors from federal overreach
- Stood with workers fighting for fair wages

Lowering the Cost of Living

Too often, our economy works better for wealthy corporations than for working families. I'm focused on lowering everyday costs, building more affordable housing, expanding access to healthcare, and investing in clean energy that preserves Oregon's environment.

Protecting Our Communities

Oregon should be a place where everyone can thrive. I will continue defending access to reproductive healthcare, protecting LGBTQ+ rights, and ensuring Oregon remains a welcoming home for immigrants and refugees.

Strong Public Schools

As the parent of two students in the David Douglas School District, I know great public schools are the foundation of healthy communities. I will keep fighting for classroom investment, support for educators, and opportunity for every student.

Educational Background: Masters Environmental Studies and Business, York University BA Women's Studies and Film, Simon Fraser University

Prior Governmental Experience: None

I'm running for Senate District 26 because I love this place and I believe in its future. But too many of our families and communities are facing real challenges. The systems that should be helping are not keeping up. We can do better.

I have spent twenty years building businesses and changing systems from the inside. I helped bring Fair Trade to the apparel industry so garment workers earn a living wage. I co-founded a company in Cascade Locks that created local jobs by giving apparel a second life. That is the work I can do for our district - find where systems are struggling and build something better.

My priorities include:

BUILDING AN ECONOMY THAT WORKS FOR ALL

- A plan to bring good-paying, local jobs to our district, including vocational training
- Taking on the corporate consolidation and policies driving up rent, groceries, and prescriptions
- Supporting small businesses and local entrepreneurs

TACKLING THE CLIMATE CRISIS

- Prioritizing wildfire prevention and emergency preparedness
- Protecting our water resources
- Investing in renewable energy, efficiency, recycling

KEEPING RURAL COMMUNITIES LIVABLE

- Protecting our land use laws and supporting local farmers, orchardists, nurseries
- Advocating for affordable housing, transportation, quality rural health care
- Fighting for well-funded schools

Working Together to Build a Better Oregon

As a firefighter, I've dedicated my life to serving our community and tackling tough challenges. As your State Representative, I'm committed to ensuring every Oregonian has the opportunity to thrive.

I deliver results:

- **Record infrastructure, housing, and economic development investments.**
- **Standing up for our immigrant neighbors and against federal overreach.**
- **Fighting utility price increases by ensuring data centers pay their fair share.**
- **Gun violence prevention, and protecting reproductive and LGBTQ rights.**
- **Transformative climate policy, including improved emergency management and firefighting capacity.**
- **Upholding the dignity of labor by building a better future for our working families.**

I'm proud of our accomplishments in keeping Oregon a leader.

But there's more work to be done.

Everyone deserves **a safe and affordable place to call home**. By securing more funding for housing and support services, struggling Oregonians can find **generational stability**.

Climate change is our daily reality. I'll continue to push and collaborate for legislation to **keep Oregon green** and our **communities resilient**.

I'm **fighting for the schools** our kids deserve. From **increasing school funding** to giving educators the tools they need, we must do more.

A fair economy is essential for prosperity. More investments in skills training, small business support, and corporate accountability ensure **a level playing field for all**.

Community safety, accessible health care, and behavioral health resources are essential to an inclusive and vibrant community. We must bolster resources and support systems while **ensuring equitable and effective outcomes**.

Together, with bravery, compassion, and determination we'll continue to redefine what's possible for Oregon.

Occupational Background: Deputy District Attorney 1999-2007 where she handled adult and juvenile criminal matters, as well as dependency cases involving

DHS. She opened her own law practice in 2007 and since that time she has handled criminal, family, and juvenile law matters. She grew up on a farm and in 2010 finally got back to the ranching life. She currently has sheep, cattle, and poultry as well as some hardworking guardian livestock dogs to intimidate those pesky bobcats, cougars and coyotes.

Rebecca is a wife and mother, a lawyer, a farmer, a gardener, and an animal lover. She is the third generation to live on her farm in the 31st District. She does not strongly identify with a particular party, but she does strongly identify with particular beliefs. Namely that we may be rich in land but not necessarily money. We should be able to use our land in a way that can benefit our families as long as we also pay attention to, and recognize that the reason we live where we do is because of the natural beauty. This beauty and wildness must also be preserved.

She believes we are a diverse nation with diverse people and beliefs. When we are not told who to hate and fear, and we actually communicate with each other, we discover we are not so different. We all want prosperity and safety for our family and community.

If she is elected, she will focus on issues, not on whether the democrats or the republicans support the legislation. She will talk to the people in the district, and represent their values and beliefs.

Tom L Forest

Democrat

Occupation: Software Engineer

Occupational Background: Software Engineer at PGE, Nike, FEI, Radisys, Vestas and Intel

Educational Background: Massachusetts Institute of Technology, Management, SB, Hillsboro High 1976

Prior Governmental Experience: Banks School Board Budget, Technology, and Superintendent Selection Committees

Tom Lum Forest has lived in the district for over thirty years and, in that time, has seen communities all over Oregon struggle with upholding the legacy of their agricultural and natural resource economies while also addressing the needs brought by increased population and new industries. There is room for both in this district, and he knows he can help bring people together to collaborate and find a balance that works for all.

Tom believes climate change is a real problem that impacts all Oregonians. He'll follow the science and data—not the politicians.

- We can't back down from developing clean energy infrastructure
- Make our communities environmentally resilient and ready to handle wildfires, droughts, earthquakes, and other extreme weather events
- Protecting our clean air and water, and making sure polluters always pay for the damage they cause
- Tom believes a quality public education can carry students forward, no matter the path they choose.
- Expand access to child care for all Oregon families
- Support STEM, vocational, and technical programs

Tom believes we need to fund a transportation system that allows you to get from your rural home all the way to your favorite city center and from your urban home to your job in rural Oregon. We must fund a transportation plan where everyone pays their fair share for maintenance. It is unacceptable that our leaders in Salem couldn't collaborate and listen to one another to find a solution that works for all of us.

Tom believes in Collaboration. Equity. He Isn't Afraid to Learn or Ask Questions & You Shouldn't Be Either!

Shannon Jones Isadore

Democrat

Occupation: State Representative, CEO and Founder, Oregon Change Clinic

Occupational Background: Behavioral Health and Finance

Educational Background: Lincoln High School; Master of Science in Family Psychotherapy, Loma Linda University

Prior Governmental Experience: United States Marine Corps, Oregon State Representative

Representative Shannon Isadore is serving District 33 with ACCOUNTABILITY, STRUCTURE AND INTEGRITY.

Rep. Shannon J. Isadore is a State Representative, native Portlander, Military Veteran, Family Psychotherapist and Business Leader who is fighting for Portland.

As our State Representative, she:

- Secured a generational investment of \$10 million in downtown Portland's James Beard Market
- Passed legislation to prepare Oregon's Critical Energy Infrastructure for emergency response and damage recovery in the wake of a natural disaster or major earthquake
- Secured \$1.4 million in funding for 23 units of cohousing in St. John's
- Helped the Hoyt Arboretum fund a much-needed \$2 million education center expansion
- Passed legislation to fund major renovations to the MODA Center to support the Blazers remaining in Portland and long overdue investment in lower Albina

Rep. Isadore has dedicated her life to protecting the freedoms that unite us as Oregonians.

As a Behavioral Health and Housing Leader, she:

- Founded and operates Oregon Change Clinic, an outpatient treatment program serving hundreds of families
- Turned a dilapidated motel into 37 units of recovery housing

As a Finance Industry Leader, she:

- Spent 15-years in finance, overseeing 30 investment brokers across three cities
- Helped middle-income families save and invest money to build generational wealth

As your Legislator, Shannon prioritizes accountability, structure, and integrity in revitalizing downtown Portland, building more housing, and bringing economic development to the region.

If you believe in Portland, join us in supporting Shannon!

Dear Neighbors,

As your State Representative, I am proud to be your voice at the legislature. Washington County has been my home for almost 30 years, and our successes here have helped not just our communities, but all of Oregon.

At a time when diversity, equity, immigrants and immigration are all under attack from Trump and his allies, it is important to recognize that our achievements in WashCo have been in large part because of our diversity, not in spite of it.

As the first Japanese American woman to serve in the Oregon Legislature I bring a keen understanding of what it means to have doors opened or closed and the impact not just on individuals and their families, but to all of us.

I am committed to making sure Oregon and Washington County are places where diversity flourishes, opportunities abound, and everyone feels a sense of belonging.

- Mari R. Watanabe

As a Legislator, Mari:

- **STRENGTHENED** support for veterans
- **PROVIDED** long term funding for BOLI to conduct wage theft and civil rights violations
- **INCREASED** protections for older adults in long-term care facilities
- **REQUIRED** owners to be financially responsible for bulk fuel clean ups
- **CUT RED TAPE** for highly skilled immigrants and refugees with advanced degrees to get certified and start working in Oregon

"Now more than ever, Oregon needs leaders like Rep. Daniel Nguyen to fight against Trump's dangerous agenda. Daniel led efforts to protect Oregonians from ICE and stand up to Trump's tariffs, providing needed financial relief for small business owners and Oregon families."

- U.S. SENATOR RON WYDEN

Experience, Determination, Results

As the son of refugees, I learned early on the value of freedom and access to opportunity in creating safe, thriving communities – **that's why I'm paying it forward by building opportunities for all Oregonians to get ahead.**

As your voice in Salem, I will continue to fight for our "right now" and future success. **Our actions now, and in the next few years, are critical to Oregon's future.**

In 2026 Daniel led efforts to:

- **Grow jobs** and our economy
- **Strengthen laws protecting Oregonians from ICE** at the door, in hospitals, and on the street
- Balance the state budget to **protect education** and **avoid agency cuts and mass layoffs**
- **Stop corporations from driving up housing costs**
- **Streamline behavioral health** and **invest in public safety**
- **Beat back** Trump's attacks on healthcare and reproductive freedom

Fighting for Our Kids, Our Community, Our Future

Teaching and coaching at Lake Oswego Middle School is a privilege, and a wake-up call. My students face hunger, mental health crises, housing instability, and fear of ICE, and they're calling for adults to show up for them. If our representatives won't deliver it's time to replace them. Our kids know what's right; now we need leaders that represent them. **I'll bring their urgency and vision to Salem.**

Keeping Us Safe: The South Waterfront neighborhood, part of our district, is being brutalized nightly by ICE. Our leaders haven't done enough. You deserve a government that supports you in resisting injustice. **I stand with those who fight for safety and justice in our communities, and I'll be their advocate in Salem.**

Families Over Profits: Rents, mortgages, utilities, health care costs, and childcare are crushing working families while corporations and data centers pocket tax breaks. **I will redirect those resources toward lowering costs, housing that's affordable, and healthcare for everyone.**

Invest in Our Future: Every Oregon student deserves a great education without having to fight for it. **I'll push to fully fund our schools from Pre-K through higher education:** smaller class sizes, qualified support staff including behavioral and mental health services, and a safe, welcoming learning environment for all.

State Representative, 41st District**Mark Gamba**

Democrat

Occupation: State Representative, small business owner**Occupational Background:** National Geographic Photographer**Educational Background:** AAS-CMC**Prior Governmental Experience:** Milwaukie Mayor, City Councilor**Mark Gamba Prioritizes Real Climate Action**

Climate change is the main reason Mark first ran for office. It remains his top priority. He will continue to drive policy to modernize how we build out our electrical transmission systems to enable a more rapid transition to clean energy. He is focusing on modernizing our land use system to speed permitting of clean energy and reducing GHGs from our transportation system.

Mark Gamba Champions Solutions to the Housing Crisis

Homeownership is the traditional way of building generational wealth and stabilizing housing costs. It is increasingly out of reach for working Oregonians. Mark has led the charge on reforming how we finance affordable housing, on renter protections, and on lowering the cost to construct new housing. He is now working to kick off a massive program to build thousands of new affordable homes to be purchased by working families, through a public/private partnership.

Mark Gamba Fights to Rebalance the Scales of Wealth Inequality

Nearly all of our societal ills may be traced back to the diminishing share of wealth held by the middle and lower classes. From diseases of despair like drug addiction, to rampant unsheltered homelessness, the concentration of wealth into the hands of a relative few has left the rest of us increasingly struggling to survive. Oregon's failure to provide high quality education, mental healthcare and affordable housing can be traced back to two republican-led constitutional changes – the kicker and property tax limits. Both predominantly benefit the richest Oregonians. Mark is unafraid of taking on monied interests and pushing for bold, transformative change. We need an undaunted voice like his fighting for us in the legislature.

It's my honor to represent inner SE and NE Portland. Our city and state have their challenges, but we are working our way through them in spite of a very unreliable and at times hostile federal government. Our district needs someone, like me, who has progressive politics but can operate effectively and pragmatically when it comes to legislating in Salem to help Portland and our state.

I have championed:

More funding for Multnomah County and various organizations to provide **more mental health and addiction treatment**;

Making it easier to **build more housing and apartments** of all kinds;

Paid Family and Medical Leave;

A corporate activities tax to **better fund schools**;

More funding for our city and county to help **shelter the homeless**;

More funding for **arts and culture organizations and institutions**;

Adequate funding for **road and bridge maintenance and transit**;

Providing enough funding for **the Oregon Health Plan** -- our state's Medicaid program;

Funding for **Planned Parenthood** and the right to the full range of reproductive healthcare options including abortion.

If I am re-elected, I will:

Advocate for **more mental health, addiction, and homeless services**;

Work toward a **universal "single payer" insurance system** so that everyone can have affordable healthcare;

Demand **better funding for K – 12 education** especially in light of the budget challenges at PPS;

Demand **better funding for universities and community colleges** so we can lower tuition;

Push for **more action on climate change** particularly when it comes to **transportation** -- we need to get a transportation package passed;

Stand up for **legal, safe, and affordable reproductive healthcare** including abortion.

My campaign is supported by many organizations, labor unions, and local political and organizational leaders.

TAWNA SANCHEZ: FIGHTING FOR OUR COMMUNITY

Here are some of the legislative highlights passed by my office last year:

Tribal Schools - Created a direct pathway for federally recognized Tribes to apply directly to the State Board of Education for charter school sponsorship.

Freedom to Find a Place - Allows tenants to give a 30-day notice to move out during a landlord's 90-day notice to vacate, helping them avoid paying double rent or missing out on finding the place they want to live.

Youth Substance Abuse Prevention - Directs the Alcohol and Drug Policy Commission to implement a statewide strategy for preventing youth substance abuse.

ADDRESSING BUDGET CHALLENGES

Due to the passage of HR 1 by the federal government last summer, our state has been forced to examine our budget priorities that impact our most vulnerable citizens. As Co-Chair of Ways and Means, I have a duty to make prudent funding decisions while also doing my best to keep our social safety net whole.

Looking ahead, I plan on examining our revenue system with stakeholders and representatives from Oregon, cities and counties the rest of this year and then working on legislation to restructure our tax system so that we improve the stability of our investments in public services without increasing the burden to lower-income taxpayers.

I've Delivered

As a nurse and your State Representative, I've brought real resources back to North and Northeast Portland while standing up for working families.

Local Investments: Secured millions for North and Northeast Portland, including investments in the Albina Vision Trust redevelopment, improvements to George Park, \$15 million for a future North Portland Aquatic Center, funding for the Williams & Russell CDC to combat displacement in historically Black neighborhoods, fought to keep St. John's Community Center open, kept the bottle drop redemption center out of St. Johns and supported the Native American Youth and Family Center.

Reproductive Healthcare: Sponsored legislation to protect abortion rights & gender-affirming care.

Protecting Workers: Passed legislation strengthening child labor protections and increasing penalties for employers who violate labor laws. I continue fighting for fair wages and safe workplaces.

Healthcare: I have championed patient safety, supported safe hospital staffing, and worked to ensure that Oregonians have quality healthcare.

Fighting For

Housing for All: Expanding affordable housing, addressing homelessness, and supporting mental health and addiction recovery services.

Healthcare for All: Lowering healthcare costs, strengthening the healthcare workforce, and safe staffing in hospitals.

Support for Schools: Fully funding education and ensuring every student has a safe and supportive learning environment.

Equity: I'm the first Black, LGBTQ+ member of the state legislature. I bring a voice that hasn't historically been heard.

As your State Representative, I fight for practical results for Outer East Portland: lowering costs, improving safety, and protecting the health care families rely on.

I've delivered stronger protections for renters and homeowners, invested in housing and eviction prevention, protected Medicaid, expanded maternal health investments, and helped remove medical debt from credit reports. I've also worked to stop wage theft and strengthen protections for farmworkers and other low-wage workers.

To improve community safety, I supported investments in behavioral health and addiction treatment, youth violence prevention, including funding for the East Multnomah Outreach Prevention and Intervention program, and safety improvements near Glisan and 122nd. I've also pushed for safer streets and reliable transit because families in our neighborhoods should not risk their lives on high-crash corridors like 122nd Avenue.

As a first-generation Peruvian American and daughter of immigrants, I will continue standing up for low-income families, seniors, and immigrant and refugee communities when federal policies threaten the programs working Oregonians rely on.

As your Hazelwood neighbor and former David Douglas School Board member, I know what working families are up against: rent that is too high, groceries and health care that cost too much, and schools that need stronger investment so every child can succeed.

My values are simple: put working people first and make sure every child, elder, renter, worker, and immigrant family can live with dignity, safety, and opportunity.

I respectfully ask for your vote.

I'm running because government has failed to live up to its promise to provide opportunity and prosperity to all Oregonians. Our government should work for everyday people, including working families, our students in the K-12 system, and those who have historically been left out of decision-making. My personal experiences with food and housing insecurity is what drives me to deliver real results for HD 48. I will bring my lived experiences of struggling with affordability and my track record of advocating for workers and students to Salem with me to move Oregon forward.

Before serving in the legislature, I spent years advocating for students and working families across Oregon. As Executive Director of the Oregon Student Association, I worked with student leaders to expand college affordability and access to higher education. As Political Director for Oregon AFSCME, I partnered with workers to strengthen the services that keep our communities running.

Fighting For:

Stable and Affordable Communities

- Expanding housing options and address homelessness
- Investing in safe neighborhoods and community infrastructure
- Supporting small businesses and local economic growth

Strong Schools and Workforce Opportunities

- Fully funding public schools and supporting student success
- Expanding access to higher education and job training
- Strengthening apprenticeships and workforce development

Families Here in Oregon

- Protecting essential public services families rely on
- Implementing policies to protect our immigrant neighbors
- Connecting education to family-wage career opportunities

I have taught in East Multnomah County schools for the past 20 years. In the legislature, I have introduced bills to promote student safety, to promote family-wage jobs, to fix and rebuild failing school buildings, and to protect our air and water. I have worked along colleagues to protect workers, reduce tax paperwork, improve fire protection and protect our state revenues. I have also secured state funding for local fire readiness and training, Columbia River levee safety, and affordable housing. It has been an honor, and I ask for your vote to continue to serve as state representative.

Improve Student Outcomes

I will continue to work on improving student outcomes in Oregon's K-12 schools. We need increased support for mental health, special education and attendance. We also need to continue the work of connecting students to successful post-high school employment and training, and expanding the opportunity to attend college and enroll in apprenticeships.

Fighting Addiction and Homelessness

Oregon needs both treatment and enforcement to help people recover from addiction, and we need to fight homelessness by not only helping people find housing, but making sure they don't lose it in the first place. As your representative, I voted for bills to get drugs off our streets, expand treatment and prevent overdose deaths. I also worked to protect renters, help first-time homebuyers, and increase Oregon's housing supply.

Environmental Protections

I will work with colleagues on legislation to protect our soil, air and water from pollution, to protect our wildlife and wild lands, and to move toward a clean energy economy to combat climate change.

Representative Ricki Ruiz has been fighting and winning for our community since he was in high school.

There were no safe play areas for the kids in his neighborhood, so he raised over \$100,000 and got one built. And he hasn't stopped in the 10-plus years since.

Here are just some of Ricki's wins for us:

- \$11.7 Million for East Multnomah County Youth Violence Prevention
- \$2+ Million for improvements to Gradin Sports Park
- \$500,000 for Gresham Firefighters' New Training Center
- \$3 Million for Housing Infrastructure Improvements for the Old K-Mart Area
- \$1 Million for the Gresham Barlow School Health Center

As the son of immigrants, Ricki knew immediately how dangerous a 2nd Trump administration would be.

This year, he fought for and passed legislation requiring enforceable protections from I.C.E. for students and their families at all public schools and colleges, and for all Oregonians seeking medical care at an Oregon hospital.

"Ricki is on the frontlines fighting to protect Oregonians from Trump's attacks on our children and families. We need strong Democrats like him in the state."

Hood region working, exploring, and organizing. **As an educator, non-profit leader, union member, and School Board member** he is committed to taking on billionaires and greedy corporations to secure the resources working people and their families deserve.

As a father of two, David understands the rising cost of groceries, healthcare, housing, and childcare. In Salem, he will work to lower costs and keep our communities safe by fighting back against Trump and ICE's attacks.

"David is the best choice to serve our district and provide our community with the resources we need. His background and experience are what our district needs in Salem."

- *Anna Williams, former HD 52 Rep*

Lowering the Cost of Living

Despite working hard, too many are struggling. David will make life more affordable and free up money for families by fully funding housing, healthcare, education, and childcare. He will close tax loopholes and make sure the ultra-wealthy pay their fair share.

Supporting Education, Kids, and Families

Parents, teachers and kids deserve better. As an experienced educator, David will stop cuts and fully fund our schools, lower class sizes, and implement universal and fully-funded preschool.

Protecting Oregon's Natural Legacy

As a farmer, conservationist, and environmental leader David will do more to prevent wildfire, invest in home hardening, help farmers, support forest and watershed restoration, and tackle climate change by reducing emissions.

"Salem needs Hank's energy, creativity, vision and political experience to preserve what's best about Oregon and chart a brighter future for generations."

- John Kitzhaber, Former Governor of Oregon

"As a New York Times reporter covering Trump's tyranny, Hank showed that he will stand up to federal overreach. ¡Vota por Hank!"

- Leti Moretti, Hood River County Commissioner

Growing up in rural Oregon, Hank knows that many of us are settling for rent that is unaffordable, insurance and childcare that are inaccessible, and hours-long commutes. It does not have to be this way.

We can build more housing, reduce fire risk, invest in childcare, and attract jobs that create stable futures for all.

"Hank knows we must have responsible fiscal and economic development policies to ensure our communities thrive. That's why he has my support."

- Bill Lennox, Former Wasco County Commissioner

As a reporter, Hank listens. In Salem, Hank fights for his community.

Hank's Priorities:

- **Lower housing costs** by building more affordable housing
- **Defend our home from fires**
- **Childcare tax credits**
- **Support small businesses**

Educational Background: US Military Academy, West Point, B.S. University of Kansas, M.P.A, OSU, Forestry

Prior Governmental Experience: City Councilor(18 months), Finance Director, Gresham(96 months), City Administrator Cascade Locks(44 months), Policy Analyst, Lewis County, WA, Planning Commissioner

Resilience, Grit, Proven Leader

I'm a great fit for this job because I have a resume built for this work. I've spent the last 20 years creating and delivering public policy to improve communities and the lives of citizens. Whether building a fire station, negotiating an affordable housing project, or improving funding systems, I have the experience to improve the issues we will face at the State. I know how to build relationships, create trust, and solve problems.

My **governing philosophy** is simple.

1. **Govern with integrity**—honesty, empathy, curiosity, and grace.
2. **Be responsive** to the challenges our citizens face and **responsible** for the foundational systems we all rely on: roads, schools, healthcare, etc.
3. **Understand Our Roles** — Government should solve what people can't solve alone, and empower people to solve what they can.

I will fight for:

Affordability/Housing. Reduce barriers to development, create codes for co-housing developments, and innovative solutions like housing over big box stores.

Economic Development. Leverage Oregon's abundant clean energy resources: wind, water, solar, geothermal to create cheap plentiful energy to attract business. Adopt tourism/consumption tax to reduce income taxes to make us more competitive with WA.

Youth Support/Development. Education funding that supports kids regardless of skill level. Get kids outside - free from devices. No social media for kids under 16.

Affordable Housing

Housing costs are squeezing families and making it harder for businesses to grow. **Expand affordable housing and help people stay in their homes while protecting Urban Growth Boundaries.**

Healthcare

People still struggle to access healthcare. Lower healthcare costs, expand access, and **protect the freedom to make personal medical decisions.**

Strong Local Economy

Invest in community colleges, apprenticeships, and workforce training so more **can build stable careers close to home.**

Resources

Clean air, water, and forests are essential. **Protect Oregon's natural resources** while supporting the farmers, workers, and communities that depend on them.

Prior Governmental Experience: Josephine County Public Safety Budget Committee

Russ McAlmond is an Oregonian with deep family roots in our beautiful state that desperately needs new management.

As a US Marine veteran and human rights activist with strong conservative values Russ knows how to fight for all Oregonians, not only the extreme few on either the left or the right. He is the only fresh Republican candidate who can bring the majority of voters in Oregon together to stop the hate and polarization. Most Oregonians are not extremists, but want safety and stability for our state and families.

As a financial expert, he is in favor of reducing taxes in Oregon and nationally. Oregonians are too heavily taxed and regulated by the current political management. He is in favor of term limits and Voter ID. He pledges to voluntarily serve no more than two terms as your new US Senator. He is opposed to men competing in women's sports and a strong 2nd Amendment supporter as an important constitutional right that needs to be protected for everyone.

Russ desires a Human Rights Act to be passed that is based on the Declaration of Independence where it proclaims that we are "all created equal with unalienable rights" so that every American is only judged as a unique individual. He would be honored to have your vote!

Working For You! Serving Oregon First!

As a third-generation resident and small businessman from Southwest Oregon, David has spent his life serving his community and standing up for the people who live and work here. Our beloved Oregon is in peril, and as he continues to help lead the efforts for real solutions for our working families, their communities and the businesses that support them, more can and will be done. He's fought for you in the Oregon State Capitol in Salem, and he will continue to put you first in the U.S. Capitol in Washington.

- **Making Oregon Affordable:** We need common sense solutions that incentivize job growth in our communities. That means no new taxes, more support for our local businesses, eliminating fraud and reducing unnecessary government spending.
- **Ending the Homelessness Crisis:** We need drug and mental health treatment that works! David has and will continue to fight for treatment and accountability, and bring an end to permanent street camping. We need strong elected leaders who will represent the homeowners, businesses and residents in Portland and across Oregon.
- **Wildfire Prevention Policy:** David has led the state in wildfire prevention, and as your United States Senator, he will continue our fight to make sure federal regulations prioritize the jobs, needs and safety of the people who live here in Oregon, not political extremists.

Restore Oregon’s Economic Strength and Future!

With **100 years of family ties to Northwest Oregon**, family military service, personally as an ombudsman, FEMA incident management certification, and charitable work, I am deeply rooted in our community. My administrative career in finance and purchasing at Intel, followed by becoming a veterinarian, gives me firsthand insight into high-tech economics, workforce needs, and rural family stability.

These experiences drive my mission to deliver federal results for Oregonians. Rising costs, job losses—with unemployment at 5.2%—tech and manufacturing layoffs in Washington County, housing unaffordability, and pressures on coastal tourism, forestry, and small businesses threaten Clatsop, Columbia, Tillamook, Washington, and southwest Multnomah counties.

Equally critical, our K-12 education system must ensure every child masters reading, writing, and math while engaging in dynamic learning that sparks growth, not stagnation. Without this foundation, economic and community success falters. I will carry your voice to Congress for bold, sustainable solutions.

Priorities for Lasting Prosperity:

- **Taxpayer Accountability:** Demand transparency and results-based oversight of federal funds to maximize economic and educational value for Oregon families.
- **K-12 Education Excellence:** Champion federal standards ensuring literacy, math proficiency, and dynamic curricula—STEM, trades, and critical thinking—preparing students for evolving industries.
- **Forestry and Resource Sovereignty:** Drive federal legislation for locally sustainable management so timber revenues strengthen mills, jobs, processors, and affordable housing through innovative wood products.
- **Tax Relief and Business Support:** Fight “tax pyramiding” and gross receipts taxes burdening grocers, nurseries, tourism, and farms; ensure tax certainty for job-creating reinvestment.
- **Infrastructure for Opportunity:** Secure federal funding for the Marine Highway, small ports, and broadband to boost exports, fishing, connectivity, and disaster resilience.

I will be your voice in Congress, using real-world experience to cut barriers, create family-wage jobs, lower costs, and build an educated, thriving future where livability matters. **Vote for Dr Kahl—restore Oregon’s strength!**

US Representative, 5th District

Patti Adair

Republican

Occupation: Deschutes County Commissioner, Small Business Owner

Occupational Background: Accountant

Educational Background: BA,

History- University of Oregon, BS, Accounting- Central Washington University

Prior Governmental Experience: Deschutes County Commissioner (2019-Present)

"I am a proud mother, wife, businesswoman, philanthropist, and Deschutes County Commissioner who has spent her entire life in the service of others. From being involved in 4-H growing up, to raising millions of dollars for charity, to representing my neighbors on the Deschutes County Commission, I have always cared deeply about my community and improving people's lives. That is why I am running for U.S. Congress: because District 5 deserves a Representative that will actually listen and deliver real results."

A Proven Track Record

As a Deschutes County Commissioner, Patti has consistently delivered. She has stood up for our veterans, worked alongside law enforcement to improve public safety, supported small businesses, fought to eliminate wasteful spending, and promoted fiscal responsibility.

She spearheaded Deschutes County's veterans' village, a program that helps struggling veterans get back on their feet. She also helped secure two new circuit judges for Deschutes County and saved Worrell Wayside Park in Bend from becoming the county headquarters parking lot.

An Oregon-First Fighter

Unlike Janelle Bynum, Patti is not going to Congress to become a career politician. Patti is going to Congress because working-class Oregonians need results.

Patti will fight to increase affordability, lower the cost of living, address rising energy costs, support law and order, lower taxes, stand against wasteful spending, and always put Oregonians first - not politics or special interests.

We deserve better than Janelle Bynum's far-left extremism. Patti Adair is the proven leader we can trust to flip District 5 and fight for us in Congress.

Governor

Danielle Bethell

Republican

Occupation: Marion County Commissioner

Occupational Background: Keizer Chamber of Commerce CEO; Bethell Plumbing, Co-Owner

Educational Background: McKay High School; Oregon State University, BS

Prior Governmental Experience: Salem/Keizer School Board, County Commissioner

Are you inspired with the kind of Republican nominee we've had for Governor in the past?

For years, our party has nominated legislators - people who know how to debate policy, but have never run a government or delivered a service. Oregon doesn't need another insider, we need someone who has actually been responsible for making government work for the people.

As a Marion County Commissioner, I am already running the fifth-largest county in Oregon. Every day I oversee budgets, public safety, land use, behavioral health systems, and programs communities depend on. That's the difference between a legislator and an executive: legislators write laws; *executives deliver results*.

Oregonians are frustrated and rightfully so. We are struggling with affordability, businesses are weighed down by regulation, and our systems continue to fail those who need help most. Too many decisions in Salem are driven by urban priorities, leaving the rest of our state behind.

I'm running for Governor because Oregon needs bold leadership that focuses less on politics and more on outcomes.

Over the past five years, I've built relationships with county commissioners and local leaders from every corner of Oregon—rural, urban, and frontier communities alike. These leaders run local governments and understand what's working and what isn't. Many are already supporting this campaign because they know Oregon needs a governor who listens and respects them as partners.

I believe in limited government that delivers, focused on core responsibilities like public safety, strong infrastructure, education, healthy communities, and a thriving economy where businesses grow and families succeed.

If you're ready for a Republican nominee with real executive experience, someone prepared to lead and fight for you on day one, I would be honored to earn your vote.

Ed Diehl

Republican

Occupation: State Representative, HD17 2023-present

Occupational Background: Owner, Concept Systems Inc.

Educational Background: Bachelor/Master of Science, Mechanical Engineering, Stanford University

Prior Governmental Experience: Led grassroots gas tax referendum

Ed Diehl spent his career building an award-winning company from the ground up to more than 100 employees. For the past three years, he has served in the **Oregon Legislature**, fighting to defend **conservative values** and stand up for taxpayers. From the inside, he has seen firsthand how Oregon's government has grown out of touch and no longer works in the best interests of **the people**.

Most recently, **Ed Diehl led the grassroots effort to bring Governor Kotek's massive \$4.3 billion gas tax and fee increase to voters.**

As governor, Ed Diehl will fight to make Oregon the best state to live, work, raise a family, and retire with dignity—where children and grandchildren can stay here and build their futures.

Ed Diehl Shares Our Conservative Values

- Audit every dime to eliminate government waste and fraud
- Cut state spending by 10%
- Freeze property taxes for seniors
- Fight to eliminate the death tax
- Cut taxes and fees by 10%, putting thousands back in your pocket
- Make **streets** safe again
- Restore **discipline, excellence, and accountability** in our schools
- Unleash free enterprise, cut regulations, create 25,000 private-sector jobs
- Actively manage Oregon's forests, water, natural resources
- Defend the Second Amendment, fight Measure 114 (**endorsed by Tony Aiello, Jr and Derek LeBlanc**)
- Protect girls' sports—no males in female competitions
- Pro-life (**endorsed by Oregon Right to Life PAC**)
- Address homelessness with compassion and accountability—no camping in public spaces
- Secure elections with voter ID, clean voter rolls, transparent systems so every legal vote counts

Ed Diehl Solves Problems For A Living - He Will Get Results

Ed and his wife Jamie met at Stanford and have been married for 36 years. They raised two children and now enjoy time with three grandchildren. They share **values of faith, responsibility, and community**.

Together, Let's Take Back Oregon!

OREGON DESERVES BETTER. CHRISTINE DRAZAN WILL DELIVER.

"It's time for Oregon to step out of the shadows of past failures and live up to the promise of a brighter future. Oregonians deserve results—not excuses. Delivering a more affordable and safer Oregon starts with firing Tina Kotek. I am committed to making Oregon the best place in the nation to buy a home, raise a family, start a business and receive a world-class education."

— Senator Christine Drazan

TOUGH. TESTED. CONSERVATIVE.

As a lifelong Oregonian and experienced leader, Christine has an unmatched record of challenging waste and mismanagement while fighting for common-sense solutions that make life more affordable and safer for Oregon families. Christine is a proven fighter who will never give up on the state we love and doesn't back down when the fight gets tough.

Christine defeated Tina Kotek's \$11.7 billion gas tax and fought to protect girls' sports and keep men out of their locker rooms. She led the walkout to stop cap and trade and defended our Second Amendment rights against attacks. She worked to secure our elections and pledged to fire agency bureaucrats and audit government spending.

Christine Drazan's leadership is battle-tested and unwavering in its commitment to restoring freedom, making Tina Kotek a one-term governor and unleashing a limitless future for the people of Oregon.

PUTTING OREGONIANS FIRST:

Educational Background: B.A., Economics, Yale University, CFP

Prior Governmental Experience: Republican Nominee for Governor, 2010

I'm running for Governor because Oregon deserves better.

I love this state. Its natural beauty, independent spirit, and hardworking people. But too many Oregonians see the same problems getting worse: failing schools, growing homelessness, rising crime, and an economy leaving families behind.

Our problems may feel overwhelming, but I've spent my whole life defying the odds. My parents taught me the value of hard work to achieve your goals, but too often that hard work doesn't pay off for Oregon families anymore.

Growing up in a working-class home and being diagnosed with Type 1 diabetes at 16 put the odds against me, but I never wavered in my determination to achieve my goals. I later became the first NBA player with Type 1 diabetes, played 16 years in the league, including six with the Portland Trail Blazers.

I took that same drive beyond basketball into my business career, becoming a Certified Financial Planner, CEO, and a leader in nonprofit right here in Oregon.

I've never let challenges stop me, and I'm not going to stop when it comes to fighting for Oregon.

We must restore excellence in education by raising standards, supporting parents, and ensuring every child receives a quality education.

We must confront homelessness and addiction with both empathy and accountability, expanding treatment while ending open-air drug markets and restoring order to our communities.

And we must rebuild Oregon's economy by cutting unnecessary regulations, lowering taxes on working families, and supporting job creation across our state.

Together, we can restore opportunity, safety, and confidence in Oregon's future.

Join me in making Oregon the best place to live, work, and play.

I'm honored to earn your vote!

Oregon is at a crossroads. Across the state there is growing frustration with the direction and size of government. Too many Oregonians, rural and urban alike, feel unheard by a system that has become inefficient, overregulated, and driven more by ideological governance than practical problem-solving.

My campaign is rooted in a simple belief: the people of Oregon deserve a government that works for them—leadership able to reform spending, restore efficiency, and return power to voters.

In 1776, the First American Revolution rallied around a simple truth:

No Taxation Without Representation.

In 2026, Oregonians rally around my Constitutional Amendment:

No Taxation Without Voter Approval.

A Legacy of Leadership and Stewardship

My family's story is woven into the fabric of both Oregon Territory and world history. Our Duyck ancestry served as Lands Advocate of Holland during one of the most prosperous periods of the early Dutch Republic. This office evolved into the Grand Pensionary, the Chief Executive of the first Modern Republic.

On the other side, my Newton ancestor—the uncle of Sir Isaac Newton—arrived on the Mayflower, seeking freedom and opportunity in the New World. Their descendants journeyed west, eventually settling in Oregon Territory to build a legacy of resilience and leadership.

Since the 1800's, the Duyck Family Farms have helped preserve the Tualatin Plains, one of the most fertile soils in the world, protecting it from urban sprawl through sustainable agriculture.

My Vision for Oregon

- Stop Urban Growth Boundary expansion
- No Taxation Without Voter Approval
- Zero default property tax on owner-occupied homes
- Tariff large, often foreign, investment in property, scaled by homes owned
- Expand school choice and vocational training
- Dismantle health insurance industrial complex
- Improve identity verification and uncounterfeitable paper ballots in elections

END GOVERNMENT CORRUPTION

Oregon is in crisis. As Governor, I will launch a **DOGE-style audit at every level of government** to root out fraud, waste, and corruption. Without total transparency, Oregon's problems cannot be fixed. I won't play politics. I will do what is right to hold people accountable!

PUT OREGONIANS FIRST

While establishment politicians prioritize illegal aliens and special interests, **I will put YOU first.** I will veto every bill that fails to prioritize our citizens. We will end wasteful spending driving our state into the ground. We will bring **Common Sense** back to Oregon.

RETURN OREGON TO GREATNESS

Oregon should be the pinnacle of education, safety, business, and affordability, but current policies are destroying our cities and rural communities, driving families and businesses out of our state. This ends when I am Governor.

We will:

- **Exempt property taxes** for seniors, veterans, and the disabled.
- **Repeal the Estate Tax.**
- **Restore safety** by supporting law enforcement and ending the Sanctuary State.
- **Enforce mandatory treatment** for the drug and homelessness crises.
- **Eliminate the CAT tax** to bring businesses and jobs back to Oregon.
- **Defend Medical Freedom** and protect parental rights.
- **Audit ODOT** to redirect DEI funding toward fixing our damaged roads, bridges, and infrastructure.
- **Use modern forestry practices** to prevent wildfires and rebuild local economies.
- **Support School Choice** to ensure tax dollars follow the student, not the system.
- **Lower costs** by repealing bogus climate regulations and reducing utility bills.
- **Cut income taxes for families** to make Oregon affordable again.

A Governor must bring Oregon a clear vision - and a plan to bring opportunity to every corner of our state.

I am an Oregon native. I understand technology, and how transformational it can be.

Oregon can lead in AI and automation to revolutionize education, revitalize manufacturing, and develop renewable resources to export high-value finished goods to the world. But we must start making bold choices.

Our future depends on three priorities: Expanding opportunity, making life affordable again, and preparing our children for tomorrow's economy.

This is the future I offer.

Action Plan:

1) Economic Growth: It is time for an Oregon Business Incubator. One element is a Business Reviews platform with 5-star rating system. Start-ups with strong reviews grow to \$150k income with zero tax and waived permit fees.

2) Housing: When the average Oregonian cannot buy the average home, our land-use policy has failed. **But it doesn't have to be this way.** Laws must adapt to provide affordable homes.

3) Education: I propose a new Alternative Educational Pathways program giving students flexibility to pursue technology tracks and skills for tomorrow's economy.

4) Farmers: I will end the regulatory madness. Farmers need water, freedom, and the ability to sell their finished product.

5) Renewable Energy: Newberry Crater is a geothermal jewel barely explored. I will expedite development to strengthen Oregon's long-term energy security.

6) Portland: OHP should apply equitable standards in healthcare coverage. I oppose child transition, but adults should have access to fertility preservation options supported by insurance.

Our future can be extraordinary if we focus on what matters: Expanding opportunities, affordability, and preparing our children for the future.

Dear Oregonians,

As a Navy veteran, substitute teacher for SPED Pre-K to 12th grade, father and now grandfather, I've seen the systems break from the inside. Education is failing, taxes are crushing families, and leaders have failed the people. Oregon doesn't need more party politics. It needs real leadership rooted in truth, transparency, and constitutional accountability. Oregon needs a Project Leader, not a politician.

With focus on the future, I propose to end State Income Tax, State Property Tax, CAT Tax, excessive fees & licensing costs, and hidden taxes. Yes, there is a way to accomplish this. End Federal Welfare for the non-use of state resources rebuilding our STATE timber industry & promoting an economic environment that attracts and keeps businesses and jobs. We must ensure that jobs for our high school and college graduates are available. County budget issues disappear managing their own resources. Oil and natural gas in Eastern Oregon must be capitalized on for all Oregonians along with a refinery in SE Oregon where Federal waste and remnants of uranium mining need addressing. Additional funds will be sought from the Federal Govt for management of Federal waste, Uranium mining, and a water project bringing water back to the area. Ending SB-100 freeing our natural resources for public benefit while improving our water quality and ending hidden cap & tax.

This is the starting point for real leadership. Solid ideas, vision, and action when you elect me.

I am not a politician. I am committed to being a great Statesman, Project Leader, and a true representative of We The People.

Can find details of my policies at www.theprinceofpeace.net

Abortions – Will make abortions illegal with executive order by applying homicide laws based on the 14th amendment of the constitution which requires states not to “deny to any person within its jurisdiction the equal protection of the laws.”

Same Sex Marriage – Will raise fees on same sex marriage with executive order, making them unaffordable.

Transexual Surgery – Will work to make transexual surgery, sterilizing birth control and any mutilation of reproductive organs illegal.

Child Abuse – Will require annual screening of minors for child abuse, focusing on sexual abuse and extremer forms of physical abuse.

Education Reforms – Primarily 6th-12th grade. Will eliminate English, history, and Spanish and replace them with research courses. Students will simply research their desired occupation.

Free College – Jesus paid it all. Will decrease salaries, increase class sizes, increase class loads of professors. Professors currently are paid 150,000 and only teach 3-4 courses a semester.

Prison/Jail Reform – Will build new jails and prisons that have mini kitchens and bathrooms inside cells. This will allow security to keep prisoners separated, decreasing prison crime. Will save 250-500 million a year due to decreased security staff.

Federal Medicaid/Food Stamp Cuts – Budget cuts can cover this.

New Homeless Shelters – Need 1 billion to build new shelters that are properly designed to house homeless.

Lower Rent - Government ownership of apartments has shown to decrease rent by 30-40% due to eliminating landlords. Will test these models.

Legislature Reforms – Will increase pay of senators/ reps, require 200 business days in Salem, new duties and schedules.

Read my lips, no new taxes.

Oregon doesn't need another politician.

I'm an 8th-generation Oregonian, business owner, employer, and the great-great-grandson of the man who founded the Pendleton Round-Up. My family didn't build this state by waiting for government permission. And I'm not asking for it now.

Portland's radical left has been running Oregon into the ground for too long. They've driven up costs, locked up our forests, defunded our sheriffs, flooded our streets with drugs, and taxed working families into submission.

Here's where I stand — no asterisks, no apologies:

I will protect your Second Amendment rights. Every last inch of them.

I will defend the unborn. Life is not negotiable.

Endorsed by: Oregon Right to Life PAC

I will slash the red tape strangling our small businesses and cut the bloated state agencies that serve Portland's agenda.

I will fight to reopen Oregon's working forests, protect our fishing fleets from EPA overreach, and put farmers first — before Portland's urban sprawl swallows what's left of rural Oregon.

I will oppose every new tax and work to lower the burden on families and businesses already doing it the hard way.

I will restore rural healthcare, fast-track workforce housing, and bring vocational training back to our schools — because a skills gap shouldn't be a death sentence for a kid who doesn't want a four-year degree.

I've spent my life building businesses, creating jobs, and watching out for my community. I know what it takes to make payroll, navigate impossible regulations, and keep businesses afloat in an Oregon that gets more expensive and less free every year.

I'm running because the people making decisions in Salem have never lived the life you and I live — and it shows.

For 24 years, I've worked in Oregon state government. I understand how agencies operate and how decisions made in Salem affect families, workers, communities, and small businesses.

PROVIDING SERVANT LEADERSHIP

Service is central to my life. I've worked to combat exploitation and support human trafficking survivors. I have also served on a National Cooperative Highway Research Program panel developing practical tools to help transportation agencies nationwide fight human trafficking.

For 15 years, I volunteered at Coffee Creek Correctional Facility and participated in mission work in various countries. I serve on the board of a nonprofit supporting foster youth—an issue close to my heart as a mom who adopted my children from the foster care system.

DEFENDING OREGON BUSINESSES

Growing up in a small business family, I understand the challenges local employers face. I oppose new taxes and excessive regulations that burden job creators. **Strong communities depend on strong businesses.** Their voices must be part of Oregon's future.

SAFEGUARDING CHILDREN

As a mother, protecting children is personal. I will advocate for transparency, accountability, and meaningful improvements in Oregon's education system so every child can thrive. Our students deserve safe schools, strong academic standards, and a future full of opportunity.

COMMITTING TO INTEGRITY

As a Republican, I believe in **fiscal discipline, educational transparency, public safety**, and policies that **protect individual freedoms** while *safeguarding our most vulnerable*. I bring decades of experience, a strong work ethic, and a commitment to listen and lead with integrity.

But I can't do this alone. I can be your voice, but I need your hands.

GETTING OREGON BACK TO BASICS

Salem insiders have lost focus on the basics. Too many politicians chase political experiments that make life harder for Oregon families. Higher taxes, rising costs, and less safe communities are the result.

As your State Representative, I stood up and got results. I helped lead the effort to re-criminalize hard drugs after failed policies flooded our streets with addiction, crime, and human suffering. I opposed major tax increases like the gas tax and supported campaign finance reforms so powerful insiders cannot control our elections.

You deserve a problem-solver who STANDS UP for common sense. That's exactly what I intend to be as your next State Senator.

MAKING OREGON MORE AFFORDABLE

Oregon is becoming too expensive for working families. Taxes remain high, housing costs keep rising, and government spending keeps growing. Farmers, small businesses, and hardworking families are being squeezed while Salem continues expanding government.

I will continue fighting unnecessary tax increases, bloated budgets, and policies that make it harder to live and work in Oregon.

LOWERING ENERGY COSTS

Families and small businesses are being squeezed by rising energy costs driven by mandates from Salem. We need balanced energy policies that keep power reliable, affordable, and protect family-wage jobs across Oregon.

RESTORING EDUCATION STANDARDS

As a dad, I know our students deserve strong expectations and real opportunity. An Oregon diploma should prepare students for college, careers, apprenticeships or the skilled trades.

PRIORITIZING PUBLIC SAFETY

After twenty-five years in law enforcement, I know safe communities require accountability. I will continue supporting law enforcement and restoring order to our neighborhoods and communities.

Guiding Beliefs:

- A majority of mature Oregon voters deserve to be trusted.
- Top down governing uses the fewest brains to seek solutions.
- Grass roots leadership uses the most brain power.
- The purpose of government is to serve the people.
- Knock & the door will be opened.
- Seek and you will find.

Education:

- Allow teachers to bring order to their classrooms.
- Removing disruptive students supports integrity.
- Money should follow the pupil, not dictate choice.
- If public system teachers are doing the best teaching, families will choose them, and adequate money will flow to public schools.

Public Safety:

- Adequate funding attracts & retains the best & most compassionate officers.
- In police work there is frequent, almost constant, exposure to humanity's darker side, sometimes evil.
- Community support of our police officers has to be faithful to mitigate these effects. Honor local patrolmen.

Appropriate Taxation:

- Should everyone have skin in the game?
- Or should the state pick winners and losers?
- Why shouldn't property tax levels force the retired middle class out of the homes purchased with years of labor?
- Taxes should be based on Oregon median income.
- Tolling should only be permitted with direct voter approval.

Personal Message:

For those who have dined with Jerry Mander (sic), that I admire Don Quixote, comes as no surprise. Thank you for reading this far. My solicitation is for your vote, which I hope you will bestow.

Northwest Oregon is my home. I grew up in District 31, built a small business here, and raised my family here. Like many of us, I understand the pressures of rising costs, concerns about public safety, and the importance of protecting the places we love. That's why I stepped forward to serve. In Salem, I work to ensure the voices of Northwest Oregon families are heard — and that the decisions made in state government reflect the values and priorities of the communities we live in.

Protecting Our Communities. My work has focused on public safety, strengthening families, and making Salem accountable to the people it serves. I have sponsored and supported legislation to protect students and schools from dangerous false emergency reports, reduce fire risks and secondhand smoke exposure in apartment housing, keep syringe service programs away from schools and childcare facilities, and cut unnecessary red tape so families can rebuild homes lost to disasters more quickly.

Delivering for Our Communities. I have also worked to ensure our communities receive the support they deserve, including helping secure funding for important local services like the Banks Fire District and the Amani Center, which provides critical advocacy and assessment services for children and families facing abuse.

Standing Up for Our District. Through my committee work, I have helped address some of Oregon's most complex challenges, including energy policy, housing and homelessness, addiction and community safety response, legislative technology, and regional behavioral health accountability.

Public service means standing up for your community, solving real problems, and making sure the people you represent always have a voice. It is an honor to represent **House District 31**, and I respectfully ask for your vote so I can continue fighting for the families, businesses, and communities we proudly call home.

I grew up in Oregon, and I'm proud to call this community home. My background is in business and technology, where I've helped organizations grow and succeed. I'm also a husband, dad, coach, and active community board member who understands the challenges families face because I live them every day. I also served as a Volunteer Captain for the Transportation Tax Referendum, helping organize petition efforts across our community.

All Oregon families deserve leadership that focuses on real solutions, not partisan gridlock. I will work to restore common-sense accountability and collaboration in Salem.

Key Issues:

- Affordability is critical. Rising costs are squeezing working families and small businesses, and we must create policies that allow people to keep more of what they earn.
- Public safety is foundational. I support law enforcement and first responders so families feel secure in their homes, schools, and workplaces.
- Education must improve. Our students deserve strong academics and the tools to succeed in college, careers, or trades.
- We need responsible investment in infrastructure like roads and utilities that support growth without wasting taxpayer dollars.
- Government must be accountable. Taxpayers deserve transparency, audits, responsible budgeting, and leaders who respect how hard people work for their money.

I would be honored to serve my neighbors in House District 48 and work toward a safer, stronger, and more affordable Oregon for everyone.

Like many families in our region, we care deeply about our community and the opportunities available to the next generation. Oregon must do better. I'm running to help restore opportunity, strengthen our economy, and ensure families can afford to live and work in the communities they love.

Experience Makes a Difference

My 16 years as a Wasco County Commissioner have given me a deep understanding of the diverse communities across House District 52. I know the challenges we face and the opportunities ahead. I will bring that experience to Salem to advocate for practical, common-sense solutions that benefit our communities.

Thriving Economies Mean Thriving Communities

Strong local economies create the resources that fund essential services. Throughout my career in engineering, economic development, and public service, I've worked to support job creation and responsible growth. As your Representative, I will support our agricultural, manufacturing, and recreation industries, stand up for local businesses, and oppose unnecessary regulations that harm employers and workers.

It's Time for Common Sense

Oregon should be a place where families and businesses can succeed. I grew up right here in rural Oregon, shearing Christmas trees, working the land, and learning what real grit looks like. I've faced hard knocks—neck fractures from rodeo, Hollywood setbacks, rebuilding from scratch—and came out tougher. That's the fight I'm bringing to Salem for District 52 so that Oregonian's have a real voice.

Oregon's rural and Gorge communities deserve a real champion, not another Salem insider or Portland puppet. As a farmer, barrel racer, and mom who's lived the hardworking life, I know the burdens families face every day.

Taxes & Cost of Living

I'll fight to kill unfair gas tax hikes, vehicle fee gouges, and Portland-style burdens that crush truck-dependent rural workers. No more taxing essentials—let's roll back costs and demand real accountability for every dollar in Salem.

Public Safety

Enough with soft-on-crime policies spilling out from Portland. I'll back law enforcement fully, restore real consequences, and keep our communities safe from drugs, theft, and chaos.

Farms, Property & Economy

Government must stop over-regulating family farms and small businesses. I'll defend against eminent domain abuse, corporate land grabs, and radical environmental rules that kill jobs. Protect water rights, cut red tape, and put rural Oregon first.

Education

Parents—not bureaucrats—should control their kids' education. I support school choice, local control, and keeping woke agendas out of classrooms.

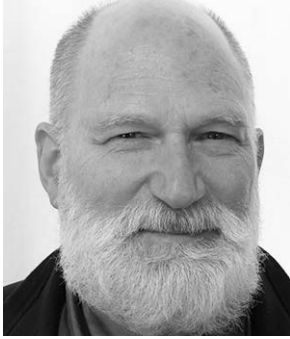

"Darcy is exactly the kind of candidate Oregon needs in Salem—a tough, resilient fighter who has overcome incredible challenges in her own life and understands firsthand the grit it takes to succeed." — , Representative Vikki Breese-Iverson, Former House Republican Leader Oregon's Rural Champion

I've got the grit and the backbone to stand up for our values. No fear, no nonsense—let's take back our voice.

Educational Background: Portland Community College (no degree); Hunter College (no degree); Lincoln High School.

Prior Governmental Experience: Civil Rights Investigator, Civil Rights Manager, BOLI. Safety Enforcement Manager, DCBS.

BOLI needs help. I know, because I've been there. BOLI enforces Oregon's civil rights, child labor, and wage laws. Whether you're a business owner, employee, tenant, or consumer, in times of conflict, BOLI can make a difference.

After decades working for small businesses, I went to BOLI as a PCC intern, and eventually became a manager in the Civil Rights Division. For 14 years, we effectively served Oregonians. I left in 2019 because I couldn't stand to watch the agency fall apart; mismanagement by multiple labor commissioners has caused untenable backlogs and massive delays in case processing. In 2023 I was optimistic about a new commissioner's potential and I returned to BOLI that October. But leadership was absent, staff morale was decimated, and I could not stand to stay.

BOLI has been a sinking ship, unable to meet demands, while the current commissioner prioritizes increasing middle management over empowering front line workers. A recent Secretary of State audit of BOLI noted *"money alone will not fix BOLI's problems."* Employee morale is an organization's greatest resource. Leaders who don't recognize that will never fulfill their team's potential.

Under my lead, claims would be closed or investigated, but they would not linger in limbo for years on end. Our priority would be fair, effective, and efficient processing of cases without a partisan agenda. Often, Republicans will believe BOLI is too aggressive, while Democrats will think BOLI isn't doing enough. I am not a Democrat or a Republican, or even a politician. I would be honored to lead BOLI forward for all Oregonians.

Christina is making Oregon's economy work for families and small businesses, not special interests.

Protecting Oregonians

Christina secured over \$17 million back to workers who had their wages stolen or rights violated on the job. She also helped pass bipartisan legislation to protect children by closing a loophole in child labor law.

Expanding Job Training

Christina knows college isn't for everyone. That's why she strengthened registered apprenticeship programs so everyone can find a good paying job and keep up with the cost of living.

Holding Government Accountable

Christina eliminated bureaucracy and reduced backlogs that were decades in the making, launched a mediation program to help Oregonians get results faster, and helped pass a bipartisan law to make BOLI work better for everyone.

Lowering Costs for Small Businesses

Wells) in Portland.

He began his public service career as a legislative staffer and a
law clerk for a federal judge. As a lawyer in private practice, he
represented businesses and nonprofit organizations, and provided
pro bono services to people in need. In 2008, he was elected to the
Oregon House of Representatives, where he earned a reputation for
working effectively with people from across the political spectrum.

In addition to his judicial service, Justice Garrett has taught law
school courses on legislation and regulation, serves on the Oregon
Council on Court Procedures, and co-chaired the Futures Task Force
for the Oregon State Bar.

Justice Garrett understands that a judge must approach every case
with an open mind, listen carefully, and apply the law to the facts
without fear or favor. Our system depends on judges with the integrity
to decide cases based on the law, not personal preferences. These
principles will continue to guide Justice Garrett's service on the
Oregon Supreme Court.

Judge of the Court of Appeals, Position 1

Ryan T O'Connor

Nonpartisan

Occupation: Judge, Oregon Court of Appeals

Occupational Background: Judge, Oregon Court of Appeals (2025-2026); Partner, O'Connor Weber (2012-2025); Co-Executive

Director, Equal Justice Law (2023-2025); Deputy Public Defender, Oregon Office of Public Defense Services (2005-2011)

Educational Background: J.D., University of Notre Dame Law School (2005); B.A., University of Portland (2001); Capital High School, Olympia, WA (1997)

Prior Governmental Experience: Judge, Oregon Court of Appeals (2025-2026); Deputy Public Defender, Oregon Office of Public Defense Services (2005-2011)

Judge O'Connor has served on the Oregon Court of Appeals since March 2025. He has heard dozens of appeals and authored dozens of opinions. Before that, Judge O'Connor represented hundreds of clients at trial, before administrative agencies, and on appeal in Oregon state courts and in federal courts. His clients included individuals and small businesses. He helped exonerate two people who had been wrongfully convicted of crimes. Throughout his legal career, Judge O'Connor has been known for his collegiality and legal ability.

Judge O'Connor grew up in Olympia, Washington. He moved to Oregon for college and has lived in Oregon for more than 20 years. Judge O'Connor and his family enjoy hiking, camping, and playing sports. He volunteers on the board of the local little league and as a youth softball coach. Judge O'Connor is an active member of the Oregon State Bar and has served on the advisory boards of nonprofit organizations.

"I am honored to serve Oregonians as a judge on the Oregon Court of Appeals. I am committed to making sure that every party that appears before me is treated respectfully, fairly, and according to the rule of law. I will keep working to ensure that Oregon's courts are transparent, accessible, and fair. I ask you to retain me as Judge on the Oregon Court of Appeals." - Judge Ryan T. O'Connor

(This information furnished by Elect Judge Ryan O'Connor.)

Associate, Sonnenschein Nath & Rosenthal LLP, 2004-2006. Judicial Clerk, Honorable Kim McLane Wardlaw, United States Court of Appeals for the Ninth Circuit, 2002-2003.

Educational Background: University of Virginia School of Law, J.D. 2002. Columbia University, B.A. 1997.

Prior Governmental Experience: Oregon Court of Appeals, Judge. Multnomah County Arbitration Panel, Arbitrator. Positions listed above with the Oregon Department of Justice, Multnomah County Attorney's Office, and the United States Court of Appeals for the Ninth Circuit.

Professional service: ORAP Committee (voting member). Federal Bar Association (member, executive board, president). Oregon Women Lawyers Society (member). OGALLA (member). Multnomah Bar Association (member). American Bar Association (member).

Community Service: Dougy Center for Grieving Children and Families (Volunteer Facilitator) 2013-present. Path Home (Shelter Volunteer) 2018-present. ACCESS Academy (Volunteer Drama Club Instructor) 2022-present.

Judge Kamins is committed to treating each litigant with dignity and respect and working tirelessly toward reaching the correct result in each case. Knowing how critical the cases before the Oregon Court of Appeals are to the litigants, Judge Kamins prioritizes issuing fair decisions in a timely fashion and has devoted her time on the bench to finding ways to reduce the amount of time that litigants are waiting for decisions. Outside the courtroom, Judge Kamins and her family volunteer with organizations that reflect her deep commitment to supporting marginalized communities and those impacted by the deaths of close family members.

Statement

"I am honored to serve Oregonians as a judge on the Court of Appeals. I take the trust that voters have placed in me extremely seriously and I am committed to earning that trust each day on the job."

Career Public Servant.

For 15 years, I've dedicated my career to making our community stronger by:

- supporting victims of domestic violence, human trafficking, and violent crime;
- collaborating with system partners to address the intersection of mental health and criminal conduct; and
- litigating complex criminal and constitutional cases.

Trusted by Our Community.

"Laura has the qualities our court, litigants, and community need in a judge. **She brings years of courtroom experience, strong legal knowledge, and a deep commitment to treating everyone with respect and fairness.**" – Judge Nan Waller

"Judicial temperament is perhaps the most important character trait that a judge should exhibit. Laura Maurer Rowan has demonstrated she encompasses both the ability to apply the law to the facts and to understand how a decision will affect the human beings appearing before her. She has a great deal of trial experience as well as the judicial temperament of patience, open-mindedness, compassion, humility, and common sense. **I support Laura Rowan, she will make a fine judge!**" – Judge Judith Matarazzo

With each case I tried against Laura, my respect for her grew. Although we were on opposing sides, **I always found Laura's ethics to be unassailable, her preparation and trial skills impressive, and most importantly, she demonstrates the highest level of professionalism. She is exactly who we need on the Multnomah County bench** – Russell Barnett, defense attorney

Legal Role Model: Former appellate public defender Justice Ketanji Brown Jackson

Accountable

Circuit court judges are elected officials and must account to the voters if they are unable to fully perform their duties. Contested elections are key to democracy.

In a courthouse operating at capacity, it is unfair to Multnomah County citizens to have any judge unable to hear a large portion of cases that come through the doors. I will regularly communicate with court stakeholders to address any ongoing concerns.

Respectful

From lawyers, victims, defendants, to court staff, I will treat everyone with equal respect. I will listen compassionately to each and every party.

Predictable

Parties rely on an even-handed application of the law to their case. Predictability encourages settlements and efficiency because parties can appropriately anticipate the strengths and weaknesses of their cases. I will apply the law as directed by the legislature and appellate courts. Litigants can count on a fair, reasonable, and just outcome.

Competent

I have extensive state law experience, having represented over 500 individuals in this circuit court and hundreds more in the Court of Appeals and the Supreme Court. I am an experienced state court practitioner and I am ready to get things right.

WHY THIS RACE MATTERS

Position 14 of the Multnomah County Circuit Court handles the FAMILY LAW docket, meaning that it handles custody, divorce, and guardianship cases. Multnomah County deserves a judge who knows this area of law deeply - not someone learning on the job. I am the most qualified and most experienced candidate in the area of Family Law. I understand the nuances of the law, the importance of family and the family law court, and the impacts of a court's rulings on a family.

I have spent my career building a reputation for legal precision and thorough, well-reasoned analysis. These are the qualities that matter most on the family law bench - where a single ruling can shape a family's future for years to come.

As your Circuit Court Judge, I will bring that same rigor and fairness to every case: rulings grounded in the law, delivered consistently with respect to every person who appears before the court.

ABOUT ME

I grew up in Oregon and am proud to raise my family here in the Portland Metro area. When I am not in the office or in court, you can find me cheering my kids on in soccer, playing kickball with the Oregon Kickball Club, walking the neighborhood with my rescue dog, Buster, or cheering on the Blazers. I am a neighbor, a parent, and a committed member of the community - and I take those roles as seriously as I take the law.

Prior Governmental Experience: Multnomah County Juvenile Hearings Referee and Judge Pro Tem (2021–present); Co-Chair, Multnomah County Model Court Team

Kristine Almquist is a mother, a former public defender, and current Hearings Referee/Judge Pro Tem who has spent her career serving families in our courts. She has worked at every level of the legal system — as a legal assistant, paralegal, attorney, and now as a full-time judicial officer.

Experienced

Since 2021, Kristine has presided over child welfare, juvenile justice, and family law matters as a full-time Referee and Judge Pro Tem.

"Kristine brings careful preparation and genuine respect for every person before her." — **Linda Hughes, Referee/Judge Pro Tem, Multnomah County**

Equal Access to Justice

As co-chair of the Multnomah County Model Court Team, Kristine works to improve court processes and strengthen outcomes for families.

"Kristine doesn't just believe in equal access to justice, she actively works to make our courts more fair and responsive. She believes courts must work for the people they serve." — **Judge Morgan Wren Long, Multnomah County**

Serving Families & Children

As an attorney, Kristine represented parents and children in some of the most difficult moments of their lives. As a parent, she knows firsthand how deeply court decisions affect families.

"Referee Almquist works to strengthen and improve our courts, with the well-being of children and families at the center of her work."

Educational Background: JD, Lewis and Clark Law School; BA, ASU

Prior Governmental Experience: Portland City Attorney's Office

"With decades of experience, Heidi is ready to serve immediately, bringing a deep understanding of the law that only time provides." - Judge Nan Waller

EXTENSIVE LEGAL BACKGROUND

I bring 34 years of legal experience serving the Portland community in family law, criminal and civil law, including substantial courtroom experience from hundreds of hearings and trials.

COMMITMENT TO JUSTICE

Courtroom appearances are very hard for families. Inspired early on by respected judges like Nan Waller, I am dedicated to **fairness, compassion, listening carefully and respectfully, and to consistent and unbiased application of the law.**

Everyone in court deserves **thoughtful, impartial decisions** that center humanity and justice.

DEEP FAMILY AND JUVENILE LAW EXPERIENCE

Family law judges decide family and juvenile cases, profoundly affecting children and families. I have extensive experience in both areas:

- **Public defender for over a decade**, including **four years in juvenile court** representing children and parents in abuse and neglect cases.
- **Law firm partner with nearly ten years practicing family law**, representing clients in divorce, custody, support, and property division matters.

Through **thoughtful questions, listening, and encouraging responsible decision-making**, I helped clients navigate **complex legal issues and emotional realities of family transitions.**

PUBLIC SERVICE LEADERSHIP

For the past 12 years, I provided legal counsel to City leaders on complex civic issues, including **sanctuary policies, policing, and labor and employment matters**; collaboratively working with elected officials and community members.

EXPERIENCE—INTEGRITY—COMPASSION

I'm running for judge to continue making a **positive impact on children and families in the judicial system.** Now more than ever, judges play a critical role in ensuring fairness and integrity in our justice system.

I've spent the last 6 years as a **full-time Judge Pro Tem** on the family law bench, and have **practiced law for 24 years.** As a public defender, I have taken over 200 cases to trial. I have a deep understanding of the complex issues before the court.

I believe the judicial system is key to **empowering people and communities to thrive**, whether protecting public safety or helping young people find their way toward a second chance. I believe we need restorative—not just punitive—justice.

As a husband, father, mentor, and coach, I bring **empathy and compassion** to my interactions with people who come before me in the courtroom. Public service is my calling. I ask for your vote!

"Joe is unfailingly professional, diligent and compassionate. He will bring strong skills and even-handed fairness to his work as a Circuit Court Judge on the family law bench."

Courtroom Experience. Community Commitment.

After a decade of experience as a prosecutor in the courtroom and over 14 years of service as an officer in the Oregon Army National Guard, I am thrilled to be running for Judge of the Circuit Court. I want to use my history of public service to serve YOU, the people of Multnomah County.

I believe a strong and vibrant judiciary needs judges who are fair, impartial, and possess a diverse background. Most importantly, you need judges who can communicate, empathize, and guide parties through oftentimes confusing legal proceedings. As the son of immigrants, I recognize the importance of accessible and understandable judicial processes. My legal training and life experiences put me in a position to tactfully and effectively lead from the bench.

Being a family court judge is an awesome responsibility. They involve something important to us all: family. These cases come to court in many different shapes and sizes: divorces, restraining orders, will contests and kids in foster care. All of them are important to the involved parties. All of them are important, full stop.

In overseeing my cases, I start from an intention to be curious, not judgmental. I try mightily to empower everyone to have their day in court. I start that that process by treating people with dignity and respect. Many parties come to court in a state of crisis or with a history of trauma. For some, it is not easy to trust the system or believe their voice will be heard. I take the time to calm them, clarify my role, and explain what information I need to make the best decision I can. And then, most importantly, I listen.

Thank you for reading my statement. I hope it helps you to better understand me and what I bring to this dream job. I ask for your vote.

Prior Governmental Experience: Multnomah County Circuit Court Judge; Multnomah County Juvenile Court Referee/Judge Pro Tem

It is an honor to serve as a Multnomah County Circuit Court Judge in the Family Law Department. In this role, I am committed to ensuring that every case is handled fairly, respectfully, and in accordance with the law.

Decisions in family and juvenile court have lasting impacts on children and families. I work to ensure that each case is carefully considered and that all who appear before the court are treated with dignity and respect. In 2022, I received the Chief Justice's Juvenile Court Champion Award in recognition of my leadership in raising the profile and priority of child abuse and neglect cases in Oregon courts. I also helped lead the development of Multnomah County's first Indian Child Welfare Act (ICWA) Court, which began operating in February 2026.

I remain committed to improving access to justice and ensuring that court processes are fair and accessible to all. I respectfully ask for your vote to retain me as Multnomah County Circuit Court Judge.

Nonpartisan

Occupation: Circuit Court Judge

Occupational Background: Public Defender at Metropolitan Public Defender - 1985 to 1995, Courtroom Lawyer in private practice - 1995 to 2013, Circuit

Court Judge - 2013 to present.

Educational Background: Lincoln High School - 1977, Pomona College - 1981, Lewis & Clark Law School - 1985

Prior Governmental Experience: Circuit Court Judge

Experience: For 28 years, I represented hundreds of people in state and federal court as first a public defender and then a courtroom lawyer in private practice. I tried dozens of civil and criminal cases in jurisdictions throughout the state.

Judicial Philosophy: I am committed to bringing procedural justice to the courtroom. That is, I strive to listen carefully to lawyers and parties, weigh the facts fairly, rigorously apply the law without bias, and fully explain my rulings. It is important that win or lose, people feel that they were heard, understood, and treated fairly.

Judicial Experience and Leadership: I have presided over dozens of complex civil and criminal trials. I led our START Court, a nationally respected drug court program for defendants who need drug treatment. I was elected by my peers to our Court's executive governance committee. I have presented at judicial education seminars.

Currently, I serve the Multnomah County Circuit Court as the **Chief Criminal Judge**. I led, or represented our court on, several projects to improve criminal procedures, including:

1. Improving misdemeanor case processing to speed up case resolutions.
2. Improving the Multnomah County Justice Reinvestment Program to speed up time to disposition by quickly identifying felony cases appropriate for a sentence of intensive probation supervision rather than prison.
3. Creating dockets to alleviate the indigent defense crisis so more defendants will be represented by counsel.
4. Leading the Court in an effort to improve the pretrial release program with the goal of providing effective monitoring of those released prior to trial and setting up systems for access to stabilizing services.

Thank you for considering my statement.

78

79

81

Result of "Yes" Vote

"Yes" vote increases fuel taxes, certain vehicle registration/title fees for state, local road construction, maintenance, improvements; increases tax on wages for public transportation services.

Result of "No" Vote

"No" vote retains fuel taxes at 40 cents per gallon, rejects increases to vehicle registration and title fees, tax on wages for public transportation services.

Summary

Measure increases motor vehicle fuel and use fuel taxes 6 cents per gallon, increases annual registration fees from \$43 to \$85 for passenger vehicles; from \$63 to \$105 for utility and light trailers, low-speed vehicles and medium-speed electric vehicles; from \$44 to \$86 for mopeds and motorcycles. Measure increases passenger vehicle title fees from \$77 to \$216. Revenues from tax/fee increases distributed: 50% to Department of Transportation, 30% to counties, 20% to cities. Revenues used for state and local road construction, maintenance, and improvements. Measure increases tax on wages for public transportation services to two-tenths of one percent; applies to wages of employee who is a state resident, regardless of where services performed, or non-resident for services performed in this state.

Estimate of Financial Impact

A 'Yes' vote on the measure has the following effects.

For Fiscal Years 2027 through 2035, fuels tax collections would increase by an annual average of \$104 million, registration fee revenue would increase by an annual average of \$157 million, and title fee revenue would increase by an annual average of \$130 million. Increased revenues result in additional average annual allocations of \$196 million to the state, \$117 million to counties, and \$78 million to cities.

Payroll tax collections and public transportation service expenditures would increase by \$118 million in Fiscal Year 2027 and by \$124 million in Fiscal Year 2028.

- (b) For a vehicle title for trailers eligible for permanent registration under ORS 803.415 (1) and motor vehicles with a gross vehicle weight rating over 26,000 pounds, excluding motor homes, \$90.
 - (c) For a vehicle title for vehicles other than those vehicles described in paragraph (b) of this subsection, [~~\$77~~] **\$216**.

TRANSIT

SECTION 24. ORS 320.550 is amended to read:

320.550. (1) As used in this section:

- (a) “Employer” has the meaning given that term in ORS 316.162.
 - (b) “Resident of this state” has the meaning given that term in ORS 316.027.
 - (c) “Wages” has the meaning given that term in ORS 316.162.
- (2) A tax is imposed at the rate of [*one-tenth*] **two-tenths** of one percent of the wages of an employee who is:
- (a) A resident of this state, regardless of where services are performed.
 - (b) Not a resident of this state, for services performed in this state.

(10) Residents subject to the tax imposed under this section on wages earned outside this state from an employer not doing business within this state shall report and pay the tax in an amount not to exceed [*one-tenth*] **two-tenths** of one percent of the wages earned outside this state, and at the time and in the manner, as determined by the Department of Revenue by rule.

Note: **Boldfaced** type indicates new language; [*brackets and italic*] type indicates deletions or comments.

Explanatory Statement

Ballot Measure 120 amends Oregon statutes to increase the fuel tax, vehicle registration fees and title fees and temporarily increase the payroll tax used for public transportation.

Under current law and the Oregon Constitution, state fuel taxes and registration fees are imposed to pay for highways, bridges and roadside rest areas in Oregon. Payroll taxes, fares and other funds are used to pay for public transportation. Currently, a payroll tax is imposed at a rate of one-tenth of one percent. The payroll tax applies to the wages of an employee who is a resident of this state, regardless of where services are performed, or of an employee who is not a resident of this state, for services performed in this state. The revenue from the payroll tax is given to public transportation agencies across the state to provide public transportation, like bus service.

The Legislative Assembly enacted House Bill 3991 in a 2025 special session. Among other things, the bill increases vehicle fuel taxes and some vehicle registration and title fees. House Bill 3991 requires owners of electric vehicles and hybrids to pay a flat fee or a per mile fee for miles driven; imposes additional accountability measures for the Department of Transportation; eliminates existing statutory language requiring tolling for some highway projects; and simplifies the state’s “weight-mile” system of taxing heavy trucks. The bill provides that the new funding from increasing the fuel tax, registration fees and title fees will be shared among the Department of Transportation, counties and cities. In particular, cities and counties with smaller populations will get more funding than they currently receive and the state agency that is responsible for most of the roadside rest areas in the state will get additional funding to improve and maintain the rest areas along highways.

Petitioners collected sufficient signatures to invoke the right of referendum to ask voters to approve or reject certain increases in the fuel tax, vehicle registration and title fees and payroll taxes, as set forth in Ballot Measure 120. Ballot Measure 120 raises the state’s fuel tax to 46 cents and raises vehicle registration fees by \$42 for passenger vehicles, utility and light trailers, low-speed vehicles, mopeds and motorcycles. Ballot Measure 120 raises title fees for passenger vehicles by \$139.

The measure also temporarily increases the payroll tax for public transportation. Public transportation agencies will get more funding from the temporary increase in payroll taxes. The measure provides that the tax rate will increase to two-tenths of one percent until January 1, 2028. Starting January 1, 2028, the payroll tax rate will return to one-tenth of one percent.

If voters do not approve Ballot Measure 120, fuel taxes, registration fees and title fees will remain at their current levels. Also, the payroll tax for public transportation services will remain at its current level.

Oregon education professionals understand that our students depend on safe, reliable transportation to get to and from school every day, to ensure they arrive safely and ready to learn and grow. That's why Oregon's education unions are asking for a YES on Measure 120.

"Safe transportation is not a luxury for Oregon's students, it's the first step to getting an education." -Enrique Farrera, OEA President

For schools and education employees, reliable transportation is more than a convenience — it's a foundation for success. School buses must operate on safe roads to ensure students arrive on time, especially in rural and underserved areas. Teachers, school staff, and support professionals rely on well-maintained roads and transit options to reach schools every day.

Measure 120 provides stable, long-term funding to maintain and improve Oregon's transportation system. This includes safer streets around schools, better-maintained roads for buses, and stronger public transit that helps students, families, and educators get to school and work reliably.

Investing in transportation is an investment in education. Safe, reliable roads and transit help students get to school, teachers get to classrooms, and allow staff provide essential services that make learning possible. Tens of thousands of educators and educational support professionals encourage all Oregonians to vote **YES on Measure 120** to protect students, support educators, and strengthen the communities where we live and learn.

Measure 120 Means Investing in Oregon's Workers, Infrastructure, and Climate Future

The Oregon Blue Green Alliance is a coalition of labor, environmental, and community organizations working towards creating good jobs, while protecting our environment. There is a clear nexus between worker and environmental justice in transportation. **Oregon's transportation system can help reduce our carbon footprint while providing good, family wage jobs for a skilled workforce.** This requires a sustainable funding source presented to voters in Measure 120. We urge you to vote yes to fund Oregon's transportation system.

Our member labor unions represent thousands of transportation, construction, and public sector workers. **We know that strong infrastructure requires a strong workforce with the resources to do the job right.** For years, we've seen the opposite, with hundreds of critical positions going vacant without the funding to fill them. This spiral is not sustainable, and road users see the results every day in the form of crumbling infrastructure and delayed response times to accidents.

Voting YES on Measure 120 will protect family-wage union jobs, strengthen our transportation workforce, and ensure Oregon has the people and resources needed to maintain safe roads, reliable transit, and essential public services for years to come.

Oregon's transportation challenges are climate challenges that impact communities in all four corners of our state. **We need a statewide funding plan that supports every community's ability to maintain safe roads, enhance low-carbon transit options, and keep essential services running.**

This transportation funding package also advances **Oregon's commitment to maintaining our natural resources and promoting clean, healthy communities across our state.** Investments in public transit, allocations to local counties, and

resources for multimodal transportation alternatives are essential to creating the Oregon we want to pass on to our children.

Measure 120 prioritizes environmental sustainability and the workforce who maintains our transportation infrastructure.

Vote YES on Measure 120.

Argument in Favor

Oregon's unions are asking you to **Vote YES on Measure 120 for safe roads, connected communities and good jobs.**

Measure 120 will:

- Protect Family Wage Union Jobs
- Invest in Safer Roads
- Fund Reliable Transit

We all deserve to feel safe as we travel across our beautiful state. From Beaverton to Brookings and Medford to Malheur, everyone wants to get from Point A to Point B and not have to worry about whether our roads will be maintained or even open at all.

The last few years have seen hundreds of essential positions within ODOT go vacant without funding to fill them. Maintenance crews have been decimated, in many cases leaving just a couple of people responsible for hundreds of lane miles of roads. The threat of additional layoffs has caused hundreds of workers to leave ODOT to find a stable paycheck to provide for their families. All this while our infrastructure deteriorates, response times to emergencies go up, and roads become less safe.

Without this funding, we're all going to see more potholes, crumbling bridges, and more frequent road closures.

That's why Oregon's labor movement is asking you to vote YES on Measure 120.

33,000 Miles of Roads Need Maintenance

Counties across Oregon are responsible for the primary maintenance of over 33,000 miles of roads, infrastructure, and in some cases, transit. Years of underinvestment have resulted in potholes, crumbling bridges, and reduced public transportation services. County road departments statewide have been forced to make major staff reductions for decades. Between 1995 and 2017, the county workforce fell by 24%, or 485 positions. Today, we operate at roughly 80% of the staff needed to maintain Oregon's roads and bridges. When the Oregon Legislature passed a pared-down transportation funding bill last year, we saw a way to safer travel. We urge voters to preserve that essential funding by voting YES on Measure 120. This package preserves the state's allocation of 30% of essential State highway funding for counties.

To deliver the quality services our residents depend on, we need safe, well-maintained infrastructure. Emergency response, public safety, waste collection, are counting on Oregonians to VOTE YES on Measure 120.

Oregon's transportation crisis is a statewide problem that impacts all 36 counties and every community. That's why we need a statewide funding solution that ends years of kicking the can down the road. Alone, the counties simply don't have the tools or the jurisdiction to tackle this problem independently.

For three decades, counties have been forced to make difficult decisions: reducing road maintenance crews, delaying key safety improvements, and cutting routine maintenance. Without stable long-term revenue, counties will continue to make deeper service and staffing cuts. This will increase the number of accidents and further deteriorate our ability to respond.

Oregon voters have an opportunity to finally fix our transportation system. We urge you to Vote YES On Measure 120 to maintain our most basic public infrastructure.

Reliable Frequent Transit Matters

Oregonians depend on a transportation system that provides clean, reliable ways to get where we need to go. Public transit is one of the most effective tools we have to reduce pollution, cut climate emissions, and make transportation more affordable and accessible. Decades of underinvestment have weakened our transportation system and put transit service at risk in communities across the state. Voters should protect a long-term transportation solution by voting **YES on Measure 120**.

Strong, stable transportation funding is essential to preserving and expanding public transit. **The lack of ongoing funding has created an environment of scarcity, with transit advocates pitted against other road users while cuts have impacted every community in Oregon. We all deserve better.**

Buses, light rail, and regional transit connections move hundreds of thousands of Oregonians every day while producing far fewer greenhouse gas emissions than individual car trips. **When transit systems are reliable and frequent, more people choose them—reducing congestion, lowering emissions, and helping Oregon meet its climate goals.** But when funding is unstable, transit agencies are forced to cut routes, reduce service, and raise fares, making it harder for riders to get to jobs, school, health care, and other essential destinations.

Right now, transportation systems across Oregon are preparing substantial cuts to the essential services so many of us rely on to get where we need to go. This is a death spiral for public transit, but we have a way out. **Measure 120 will provide the stable funding we need to have safe roads and public transit systems that reflect the needs of communities across our state.**

If Oregon wants to move forward, we need to invest in a multi-modal system that provides different communities with the resources to identify transportation solutions that make sense for their unique needs. This requires sustainable funding to build a sustainable future. **Please vote YES on Measure 120.**

LOCAL ROADS AND BRIDGES NEED REPAIR

As mayors we know how essential transportation is to the health, safety, and economic vitality of cities. **Safe roads, reliable transit, and well-maintained bridges are the backbone of our local economies** and the foundation of opportunity for working families.

When transportation funding is unstable, cities are forced to delay critical maintenance: like filling potholes, replacing foglines and guardrails, scale back safety improvements, and postpone projects that support housing and job growth. **Emergency response time increases. Congestion worsens. Bus service becomes less reliable. The burden falls hardest on working people, seniors, and students who rely on safe, affordable ways to get to work, school, and medical appointments.**

Oregon's cities depend on a partnership with the state and county governments. State transportation investments help cities leverage federal dollars, plan responsibly, and deliver projects efficiently. **Without predictable funding, cities face impossible choices: raise local taxes and fees, cut other essential services, or allow infrastructure to deteriorate further.**

Investing in transportation is not just about concrete and asphalt. **It is about public safety, economic development, and our ability to keep highways and roads safe and clear as we see more extreme weather conditions.** It supports local businesses, connects rural communities to vital services and regional markets, and ensures first responders can reach people quickly in emergencies - to save lives. Functional transportation systems create family-wage jobs and strengthen supply chains that keep Oregon competitive nationally and globally.

Vote YES on Measure 120 to preserve essential transportation funding for communities like ours across the state. Our residents deserve safe streets, reliable transit, and infrastructure that reflect the strength and promise of Oregon. **We stand united in calling for this transportation investment our communities need to thrive.**

TRANSIT RIDERS UNITE

As a Portland City Councilor and a student who rides the bus to Portland State University, we know public transit is essential. We ride with workers commuting to jobs, students getting to class, parents traveling with their kids, seniors going to appointments, and neighbors trying to get where they need to go safely and affordably. For many Portlanders, transit is not a backup plan. It is a lifeline.

That is why we urge a **YES vote on Measure 120**.

Oregon depends on public transportation. Buses, MAX, and other transit connections help people get to work, school, health care, and everyday destinations without the high cost of owning a car. Transit also reduces congestion, cuts climate pollution, and helps make our city more accessible and connected. **If we want an Oregon that is more affordable, more sustainable, and easier to get around, we need to invest in transit.**

If this funding measure doesn't pass, the Portland Bureau of Transportation is facing an \$11 million shortfall. That could mean layoffs for about 50 staff, delays to safety projects, and reduced maintenance on the streets and infrastructure Portlanders rely on every day. TriMet is identifying service cuts to close a \$300 million budget deficit. Our city isn't alone. Transportation systems across Oregon are facing cuts that threaten the service riders depend on.

When transit funding is unstable, riders feel it first. Service is cut, routes become less reliable, and costs become harder for working people and students to absorb. **Those impacts are real, and they fall hardest on the people with the fewest options.**

Measure 120 would help provide stable funding for transportation and transit so Portland can keep moving forward. It is an investment in safe streets, reliable service, and a city that works for the people who live here. **We're all on this bus together.**

12,000+ Yamhill County Residents Demanded a Vote Stand With Them — Vote NO on the Gas Tax

By Jason Fields, Candidate for Yamhill County Commissioner, Position 3

More than **12,000 Yamhill County residents** signed the petition demanding a public vote on Salem's massive transportation tax increase.

Across Oregon, **250,000 citizens signed** so voters — not politicians — could decide.

I'm proud to have helped gather those signatures.

Many were collected by volunteers standing outside grocery stores, talking with neighbors who are worried about the rising cost of living.

The question people kept asking was simple:

How much more are we expected to pay?

The Legislature's transportation package raises **\$4.3 billion in new taxes over the next decade**, including:

- Higher **gas taxes**
- Increased **DMV fees**
- New **vehicle charges**
- A **doubling of payroll taxes for transit**

For many households, that means **hundreds of dollars more every year.**

And remember: Oregon already has some of the **highest fuel prices in America.**

Families are struggling with groceries, housing, childcare, and energy costs. Adding billions in new taxes right now will only make life harder.

My campaign for **Yamhill County Commissioner** is built on a simple belief:

The answer to every problem cannot always be a new tax.

During my five years on the Yamhill County Budget Committee, I've worked to protect reserves and fund essential services **without raising taxes.**

Over the past year, I've also **knocked on thousands of doors across Yamhill County**, listening to families about the challenges they face.

People are paying attention.

And they are frustrated with policies that keep making life more expensive.

Citizens stepped up and demanded a vote on these taxes.

Now it's our responsibility to show up and be heard.

And as you make your decisions, pay attention to who stood with taxpayers during this process — and who didn't.

Argument in Opposition

Measure 120 asks **you—the Forgotten Oregonian—to pay again.**

The Forgotten Oregonian might be you—the electrician driving to a job site, the nurse commuting before sunrise, the farmer hauling equipment, or the small business owner trying to keep employees working. These are the people Salem politicians always expect to pay more.

In 2017, lawmakers passed a massive transportation tax package and promised it would fix congestion and repair our roads. Instead, we've seen exploding costs, delayed projects, and a growing bureaucracy at ODOT.

Now they want billions more.

Higher gas taxes. Higher vehicle fees. Higher costs for families already struggling with inflation and rising living expenses.

Before asking you and your family for more money, state government should prove it can responsibly manage the billions it already collects. That means reforming ODOT, prioritizing road maintenance, and ending the waste and mismanagement that have defined Oregon's transportation system for years.

As a chief petitioner on Measure 120, I led the unprecedented grassroots effort to refer this tax package to voters. In just 38 days, an all-volunteer team gathered over **250,000 signatures**—something never before accomplished in Oregon history.

Before serving in the legislature, **I spent my career in business and engineering**, building a company from the ground up that employed 100 talented people solving some of the country's most difficult manufacturing challenges. I solve problems for a living—and I deliver results.

As I travel Oregon during my campaign for Governor, I hear the same message everywhere: **people feel forgotten by the government that is supposed to serve them.**

Vote **NO on Measure 120** and stand with the Forgotten Oregonian. **Together, let's take back Oregon.**

VOTE NO ON MEASURE 120

The **Community Oriented Public Servants (COPS) PAC** represents community leaders, public safety professionals, and citizens who believe government should protect public safety while respecting the economic realities facing Oregon families.

Many of our members work in or alongside **law enforcement, fire**

service, and emergency response, where we see firsthand the challenges our communities face every day. Our mission is simple: support policies and leaders who strengthen communities, protect families, and preserve common-sense local governance.

Our PAC Director, **Brian Wheatley**, has served as a **reserve police officer since 2008** and has long been committed to community service and public safety. Like many of our members, he believes public policy must reflect the real-world pressures families and small businesses are experiencing.

Measure 120 moves Oregon in the wrong direction.

Across our state, families are already dealing with rising costs for housing, groceries, fuel, and basic necessities. Small businesses are struggling with higher operating costs and economic uncertainty.

Now the government is asking working families to pay even more.

Policies that significantly increase the cost of living ripple through the entire community. When transportation costs rise, the effects are felt everywhere — by commuters, small business owners, farmers, tradespeople, and working families trying to stretch their budgets.

Public servants should always be mindful of how government decisions affect the people they serve.

At COPS PAC, we believe Oregon families deserve responsible leadership that protects both **public safety and economic stability.**

Measure 120 fails that test.

For the sake of Oregon families, small businesses, and communities already under economic pressure...

YOUR CLACKAMAS COUNTY COMMISSIONER BEN WEST SAYS:

VOTE NO on MEASURE 120

As your Clackamas County Commissioner, I'm urging you to vote resoundingly **NO on Measure 120**. While infrastructure requires attention, **massive gas tax increases and payroll taxes** coming from workers' paychecks are a misguided assault that heaps unnecessary hardship on families and local businesses amid crushing economic challenges.

In my re-election race to continue serving you as County Commissioner, **I'm the only candidate** with an unyielding record of resisting the relentless cycle of burdensome taxes.

My opponent and Oregon's political class have a troubling history of:

- Backing flawed I-205 tolling schemes;
- Backing Salem's out-of-touch policies saddling hardworking residents with ever-higher costs;
- Enabling expansive government overreach that lacks accountability.

The same politicians who stripped election integrity by rigging this election to May instead of November have backed my opponent for years.

County Commissioners are the ONLY BACKSTOP to Salem's Overreach.

Commissioners must STAND UP to Salem politicians who put Measure 120 on the ballot in the first place.

When new gas tax threats loomed, I didn't talk...I acted. In the rain alongside you, together we gathered 250,000 signatures to give voters a voice against tone-deaf Governor Kotek and a runaway legislature.

Transportation solutions need fiscal discipline and prioritized budgets, not blank checks funded by the working class.

MEASURE 120 is UNJUST.

It's regressive. It disproportionately punishes commuters and workers struggling with soaring housing and grocery costs. We cannot afford another permanent, record-high tax increase that lacks clear oversight or transparency.

My opponent's record reveals a preference for ODOT's failures and endless quests for new revenue.

My actions reflect an unwavering rejection of "tax-first" ideology.

I'll continue to demand rigorous transparency and accountability from our transportation departments.

You have two important votes on your ballot!

VOTE NO for Measure 120 and VOTE YES for candidates who keep Clackamas County moving – affordably without freeway tolls, and gas and payroll tax increases that come from your paycheck.

Protecting Hardworking Oregon Families

As Chair of the Yamhill County Board of Commissioners, my responsibility is to stand up for the taxpayers of our county. That means **NO NEW TAXES** and **NO TAX HIKES!**

I personally helped circulate the petition to refer this **\$4.3 billion tax increase** to the voters. More than **12,000 Yamhill County residents signed**, joining 250,000 Oregonians statewide who demanded the right to vote on these taxes.

With families already feeling the pressure of higher costs for groceries, fuel, housing, and utilities, new taxes and tax hikes deepen the financial strain many households and businesses are facing in Oregon.

Protecting Oregon's Referendum Process

I stepped forward as a plaintiff representing Yamhill County in the lawsuit challenging the state's decision to move the referendum that clearly stated a vote in NOVEMBER to the May election instead.

Moving this vote to May forced counties to **rapidly adjust staffing, security, and ballot processing** — all of which **increased election costs for taxpayers**.

The rushed timeline created concerns about equitable access. Many citizens rely on gathering signatures in lieu of paying a fee to submit statements to the voters' pamphlet. With the shortened timeline, many people did not have the time or resources to participate.

Protecting Oregon Drivers

ODOT needs to budget *effectively and efficiently* while prioritizing what is important to Oregonians.

Reducing fatalities at our most dangerous intersections is a PRIORITY!

STOP wasteful spending.

STOP delaying projects, which drives up costs.

I have personally spoken out about coming to a bipartisan agreement **that does not increase the burden on Oregon families** and that prioritizes road projects, which could reduce fatalities by up to 90%.

Leadership means standing up for the people you represent.

I am 73 years old, confined to a wheelchair, and live on a low-income. Like thousands of other Oregon seniors, disabled people, and working families, the massive tax increases in HB 3991 will hit me hard.

This law raises the gas tax to 46 cents per gallon, nearly doubles vehicle registration and title fees, and doubles the payroll tax that funds transit. For someone on a fixed income in rural Klamath Falls, these increases aren't just numbers on paper. This is money I won't have for groceries, medicine, and my healthcare needs. Rural Oregonians drive farther for medical care, groceries, and daily needs. These tax hikes punish the people who can least afford them.

That's why I worked so hard gathering signatures for Referendum 2026-302. Over 250,000 Oregonians signed the petition because we believe the people, not just politicians in Salem, should have the final say on these huge tax increases.

A personal message

I spent 27 years of my life investigating and exposing government waste, fraud & abuse, since I founded the Taxpayers Association Oregon in 1999.

The difference over 27 years, is that Oregon's million-dollar boondoggles have become billion-dollar boondoggles. Oregon is now in the top 10 biggest, fattest, most expensive state government states in America (per capita).

I joined as a chief petitioner to the gas tax referendum along with Senator Bruce Starr and Rep. Ed Diehl, so we could stop these skyrocketing taxes.

All I wish is for us to be like other states by (1) prioritizing essential services (2) reducing overlap (3) ending corporate welfare (4) more transparency (5) not trying to do everything but rather doing what is important better (6) data-driven results & other cost-effective tools to reduce waste and abuse.

You can help by voting no on bad taxes.

Argument in Opposition

Oregonians are already struggling with high costs for gas, groceries, and everyday essentials. Measure 120 asks voters to uphold a massive tax and fee hike from House Bill 3991 — a 6-cent-per-gallon increase in the state gas tax (from 40 to 46 cents), doubling the transit payroll tax (from 0.1% to 0.2%), and sharply raising vehicle registration and title fees (e.g., title fees jumping from \$77 to \$216).

These increases were rushed through a special session with little public input and will hit working families, small businesses, rural drivers, and commuters hardest. Gas prices will rise further, making commutes, deliveries, and family road trips more expensive. Higher registration and title fees punish vehicle owners, while the payroll tax hike burdens employers and employees alike — all to fund a transportation package that lacks accountability and efficiency.

Over 250,000 Oregonians signed petitions to refer this law to the ballot, showing widespread opposition. Yet the Legislature tried to silence voters by moving the vote from November to May — a lower-turnout primary — in SB 1599, a move many see as an attempt to undermine our constitutional referendum rights. (Opponents are challenging this in court.)

Vote NO on Measure 120 to reject these burdensome tax and fee increases. Protect Oregon families from more costs, demand better spending priorities, and send a clear message: taxpayers deserve a voice, not higher bills.

Oregon needs real solutions for roads and bridges — not automatic tax hikes that ignore economic realities.

High gas taxes hurt us all

Gas taxes hurt farmers
Gas taxes hurt truckers
Gas taxes hurt the poor
Gas taxes hurt you and me
Gas taxes hurt small shops

Gas taxes hurt Uber drivers
 Gas taxes hurt delivery drivers
 Gas taxes hurt seniors on fixed income
 Gas taxes hurt soccer moms going to soccer
 Gas taxes hurt unemployed going to job interviews

Oregon has nation's 12th highest gas tax.

ARGUMENT IN OPPOSITION — Referendum Petition 2026-302 (HB 3991)

A simulated Citizens' Initiative Review panel of 23 Oregonians — selected to mirror the state's demographics by geography, party, race, age, and income — spent five days examining HB 3991 with testimony from legislators, ODOT officials, economists, county engineers, tribal leaders, and transit agencies.

The jury voted 12–11 to repeal. This near-split, from a projected 67–19 polling blowout, shows this is a harder choice than either side admits.

The jury unanimously found:

- ODOT's funding crisis is real, driven by structural decline in gas tax revenue as vehicles become more efficient.
- HB 3991's taxes are regressive. Low-income families pay a far higher share of income than wealthy Oregonians, with no offset or rebate.
- Deferred maintenance costs compound — every year of underfunding makes the eventual bill larger.

The majority voted NO because: The bill asks low- and middle-income families to bear the cost without accountability. ODOT has a \$1 billion forecasting error and billions in project overruns. The bill's oversight provisions lack teeth — no independent oversight board, no binding cost caps, no competitive bidding reform. The legislature passed it in a special session on party-line votes after 95% of public testimony opposed it. The governor herself later asked to repeal it.

The minority voted YES because: Roads and transit are failing now. 483 ODOT workers already laid off. Counties will close rural roads. Tribal communities will lose access to medical care. Rejecting imperfect funding in hope of a better bill risks years of compounding deterioration.

Both sides agreed: Oregon needs infrastructure funding and ODOT accountability reform. The legislature should pair real revenue with real reform in any replacement bill.

VOTE NO ON SALEM'S \$4.3 BILLION TAX HIKE

Oregon lawmakers passed a **\$4.3 billion tax increase**.

Gas taxes go up.
 Payroll taxes double.
 DMV fees increase.
 New vehicle charges are added.

For many families, that means **about \$300 more every year**.

And that's before you fill up your tank.

Oregon already has the **4th highest gas prices in America**—about **\$4.13 per gallon**.

We already pay the **12th-highest gas tax in the country**.

And Oregon adds another hidden cost through the **Clean Fuel Standard**, which can add **5–35 cents per gallon** to fuel prices.

Then something remarkable happened: Oregonians pushed back.

More than **250,000 citizens signed petitions** to force a vote on these tax increases — including **over 12,000 people right here in Yamhill County**.

The petitions clearly stated the vote would occur in the **November 2026 election**, when the most voters participate.

But lawmakers didn't like that, so they **changed the rules**.

Instead of November, they **moved the vote to the low-turnout May primary**.

Local leaders stepped forward to defend voters' rights.

Yamhill County Commissioner Kit Johnston joined the legal challenge, and **community members like Jason Fields, candidate for Yamhill County Commissioner, helped gather signatures** so the public could have a voice.

Now the decision is yours.

If you believe Oregon families already pay enough...

If you believe voters deserve the final say on massive tax increases...

Send Salem a message. VOTE NO.

SMALL BUSINESS CANNOT AFFORD ANOTHER PAYROLL TAX

Vote NO on Measure 120

Small businesses are the backbone of Oregon's economy, but they are being pushed to the brink by rising costs and higher taxes.

This package doubles the state's payroll tax, which directly increases the cost of every business and farm in the state.

When the government raises these taxes, businesses think twice about staying in Oregon.

Already, Oregon small businesses have paid higher state taxes, county taxes, city taxes, property taxes, wage taxes, labor costs, electricity costs and inflation costs.

We should be encouraging economic growth, not taxing the ability of businesses to provide jobs.

VOTE NO ON MEASURE 120.

ANGELITA SANCHEZ, STATE REPRESENTATIVE CANDIDATE SAYS:

Vote NO on Measure 120

Stop Gas Tax Tricks. Protect Election Integrity

I gathered signatures for a November General Election vote against Gas Taxes because **Oregon is too expensive** and you deserve to vote.

After petitions qualified, super-majority politicians moved the election to May because they didn't want to be held accountable for tax-raising at an election where Gas Tax increases appear with them on the November ballot.

Changing the rules AFTER the people spoke harms Election Integrity.

I know firsthand because I was there. As a Linn County captain, I gathered signatures in the cold and rain. I drove thousands of petitions over ice-covered mountain passes so rural voters' voices would be heard.

As staff to Senator Cedric Hayden, I worked in the Capitol when Senate Bill 1599A passed on a party-line vote to rescind your rights and rig the election to May where THEY KNEW voter participation would be low.

So I sued as the Linn County "Right to Vote" Plaintiff to protect our right to be heard!

The power of the Vote should belong to the People, not politicians.

I've stated clearly on public record:

"If government wants to charge the people a fee, people deserve a vote."

PEOPLE SHOULD DECIDE!

Tina Kotek and Democrat politicians don't think we should vote. They shouldn't be trusted with more power!

From local mayors to state legislators:

- When politicians raise taxes and fees, assuming their constituents are too ignorant to participate or too stupid to vote, it tells you everything about who they are.

Some politicians don't trust voters, but I do!

I'm the *only candidate* running for HD11 who takes action to protect the integrity of our elections AND keep Oregon affordable.

You have two votes to take today.

1. **Vote NO on Measure 120!**
2. **Vote YES for candidates who protect election integrity and protect your constitutional rights!**

Sincerely,
Angelita Sanchez

Argument in Opposition

As a candidate for East Lane County Commissioner, I'm urging you to **vote NO on Measure 120**. While our infrastructure needs real solutions, bipartisan options were available but rejected in favor of slapping massive gas tax increases and payroll taxes directly from workers' paychecks. Transportation improvements demand fiscal discipline and smart priorities, oversight, not blank-check tax grabs from the working class.

I'm **Jake Pelroy**, a Marine Veteran turned small business owner running to make East Lane County work for working families. After leaving the military, I started a business that lets me serve my community through public policy. I've fought tax and fee increases and worked to reduce red tape for Oregonians. In this campaign to serve you, I'm the only candidate with a proven record of standing firm against endless tax hikes.

My opponent, Heather Buch, and Oregon's political insiders have a troubling history of supporting policies that keep piling costs on hardworking residents. The same politicians who shifted elections to May instead of November have backed her for years. Heather supported the much larger version of Measure 120, stating in a letter of support she is "encouraged by the thoughtfulness of House Bill 2025."

County Commissioners are the last line of defense against Salem's overreach. We must stand up.

When new gas tax threats appeared, I collected signatures to get the gas tax on the ballot, giving voters a real voice against Governor Kotek and a runaway legislature.

My record proves I reject "tax-first" solutions. I'll continue demanding real transparency and efficiency.

If you live in East Lane County, District 5 encompasses the cities of Cottage Grove, Creswell, Coburg, Oakridge, Lowell, Westfir, portions of South West Eugene, and the unincorporated communities of Goshen, Pleasant Hill, Dexter, Waltherville, Blue River, McKenzie Bridge, and Marcola. You have critical choices on your ballot! Vote NO on Measure 120 and vote YES for candidates like me who keep East Lane County affordable for working families.

Argument in Opposition

The issue is about taxation with representation

As Oregon celebrates America's 250th birthday this July 4th, we're reminded about our nation's core principles. One core value is "No Taxation Without Representation".

The Oregon 250 Resolution Celebrating America's 250th has this reminder:

"WHEREAS, the Boston Tea Party and the creation of 'No Taxation Without Representation' enshrined low taxes in our government. Lower taxes empowered everyday people and small businesses to great, never-before-seen heights, which made us the world's biggest economy in 1890, unseating our former rulers, Great Britain. Today, the average wage of America's poorest state is still greater than the average wage of most European nations."

Clause #5 (of 15)

Oregon 250 Resolution honoring America's 250th Oregon250.com

When the \$4.3 billion gas tax was passed by politicians, they did not ask voters.

This is why I was a co-chief petitioner to the gas tax referendum petition which helped collect a quarter million signatures so Oregonians could have a right to vote on this tax. People can disagree on the tax, but we should all agree that we have a right to vote on it. We need taxation with representation.

Let us reflect upon our historic democratic principles when we consider any election issue.

We asked people how the gas tax increase impacts them:

"I'm currently commuting 70 miles one direction for work. I've been looking for work closer but haven't had any luck. I already spend between \$300-400 every single month driving back and forth for work... This gas tax would cause me to not be able to pay the bills that I'm already struggling to pay. I would end up living in my car if this tax is put into effect."

-- Commuter from Roseburg (1)

"I'm 81 years old, and I do not have any savings or investments to help with my retirement expenses. To have that big a jump in taxes would sink me even more in debt than I am right now. ... My income does not reach my expenses."

-- Senior from Oregon City (2)

The people hurt the most by this gas tax are the most quiet among us. They need us to help protect them. Please reject the gas tax hike.

Argument in Opposition

The 2025 legislative session was revealing: The governor and legislators had more money than ever. They allocated money to pet political priorities first, then ran out before paying for roads and bridges, one of their PRIMARY responsibilities. They forced an "emergency" session to raise taxes to make up the difference. 250,000 Oregon voters signed a petition to repeal the tax. The politicians forced the Measure into the primaries, a low turnout election, so it won't be on the ballot next to their names running for re-election. Is that the "protecting democracy" they keep crowing about? And now they claim to have "found" the money, but they still want to raise taxes.

Legislature Priorities Have Changed

The 2001-03 biennial Oregon budget was \$34 Billion:

- 32% for schools
- 12% for infrastructure
- 6% for public safety
- 12% for administration
- 25% for "human services" (safety net)
- 13% for everything else

The 2025-27 budget is \$140 Billion, four times higher:

- Only 18% on schools
- 7.5% on infrastructure
- 5% on public safety
- 14% on administration
- 45% on human services, almost half
- 10.5% for everything else

Numbers don't lie. Note the shift of priorities from education, infrastructure and public safety to more handouts, bureaucracy and perma-dependency.

We Aren't Getting Much For Our Money

Oregon Pre-K-12 schools rank 44th in the US despite spending \$19,376 per child. Mississippi ranks 10 levels higher at 34th and spends only \$12,394 per child. Colorado ranks 6th for \$16,410 per child. Oregon paid \$724 Million in 2024 to "help" 12,034 homeless in the PDX Metro area. That is \$60,412 per person, but the homeless count rose by 61% in that time. Where is all the money going?

Time For A Change

Politicians have quadrupled state spending in 24 years. Every year it is more giveaways and higher taxes, and few visible improvements in ordinary taxpayers' lives. Businesses are leaving. Tell the politicians to remember the needs of Oregon taxpayers who pay the bills.

VOTE NO ON 120

(This information furnished by Tom R Hope.)

Argument in Opposition

Vote NO on Measure 120.

Oregon Freedom Coalition and its tax reform project, No Tax Oregon, oppose Measure 120.

Oregon's working families are already stretched thin. Measure 120 asks you to approve a massive package of tax and fee increases that will hit the people who can least afford it the hardest.

If this measure passes, you'll pay more at the pump—the gas tax jumps from \$0.40 to \$0.46 per gallon. You'll pay more to register your car—fees nearly double from \$43 to \$85. You'll pay \$139 more just to title a vehicle. And the state employee payroll tax for transportation doubles from 0.1% to 0.2%.

These aren't small numbers for families living paycheck to paycheck. For a two-car household that fills up weekly, the added costs stack up to hundreds of dollars a year—money that could go toward groceries, childcare, or rent. In a state where the cost of living is already squeezing middle- and lower-income Oregonians, this is the wrong approach at the wrong time.

Supporters say we need this funding to maintain our roads and bridges. Nobody disputes that Oregon's transportation infrastructure needs investment. But billions of dollars in new taxes and fees shouldn't fall disproportionately on everyday drivers and working people. Before asking Oregonians to pay more, the legislature should demonstrate it can spend what it already collects responsibly and explore funding solutions that don't place the heaviest burden on those with the least.

Nearly 250,000 Oregonians signed a petition to put this question before voters because they believed the legislature went too far. They were right.

A NO vote on Measure 120 repeals these increases and sends a clear message: find a better way to fund transportation — one that doesn't balance the budget on the backs of working families.

Say NO to taxes. Vote NO on Measure 120.

What did ODOT do with the extra one billion bonus?

VOTE NO ON MEASURE 120
Reject the \$4.3 Billion Gas Tax Package

Measure 120 asks Oregon voters to approve one of the largest transportation tax increases in state history.

It includes:

- A **6-cent gas tax increase**
- **Major increases** to vehicle registration and title fees
- A **doubling of the payroll tax** that funds transit

Oregonians are already struggling with the **high cost of living.**

Families on the North Coast rely on their vehicles to get to work, school, and medical care. These taxes will make everyday life **more expensive for working families and seniors.**

More than 250,000 Oregonians signed petitions to ensure voters could decide this issue.

I stood with them.

- I helped **gather signatures** to qualify the referendum.
- I later served as **Tillamook County's plaintiff** in a statewide lawsuit defending voters' rights when politicians tried to change the rules and move the election.

While the court allowed the May election to proceed, the principle remains:

Voters deserve the final say on massive tax increases.

But this tax package exists because **our current State Representative, Cyrus Javadi, cast the deciding vote to pass it.**

That vote forced a **\$4.3 billion tax increase** onto Oregon families.

Soon after, Javadi **switched political parties.**

Then he voted again — to **move the referendum to a lower-turnout May election**, away from the November ballot where voters originally expected to decide the issue.

Many voters in House District 32 see this for what it is: **a betrayal of the trust they placed in their representative.**

Oregonians deserve leaders who **stand with voters — not Tina Kotek and her failing policies.**

Instead of raising taxes again, Oregon should:

- Fix spending priorities
- Improve oversight of transportation dollars
- Make better use of the funds we already collect

Vote NO on Measure 120.

My history with referendum proves politicians wrong

2003 tax referendum: Oregon lawmakers passed a \$600 million income tax hike saying the sky-will-fall without it. I was co-chief petitioner to the tax referendum petition that stopped it by putting it to voters (Measure 30) who rejected it by 58%. Sky did not fall.

2017 tax referendum: The Oregon town of Ontario became the first city to pass a big sales tax saying the sky-will-fall without it. I helped lead and fund the effort for the tax referendum petition that stopped it by putting it to voters (Measure 23-58) who rejected it. Sky did not fall.

2025 tax referendum: Liberal lawmakers and Gov. Kotek passed a massive gas tax increase saying the sky-will-fall without it. Once again, I am co-chief petitioner to the tax referendum that stopped it by putting it to voters (Measure 120).

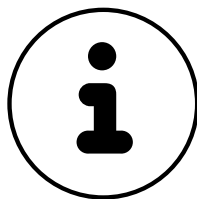

I've been doing tax referendum petitions for 20 years.

I can attest that the politicians' sky-will-fall scare tactic is a fraud.
